2	All Residential Areas	2	.50 - .59
3	All Residential/Light Commercial	3	≥.60
4	All Residential/Commercial		

tile pattern guide	
Brick Pattern	Modular Pattern
	
Herringbone Pattern	
	

Note: Since there are variations in all fired ceramic products, the tile and trim supplied for your particular installation may not match these samples. Final selection should be made from actual tiles and trim, and not from tile and trim samples or color reproductions. Manufactured in accordance with ANSI A137.1 standards.

Use of a modified latex thin-set is recommended for installation.
Special consideration needs to be given when installing tiles 20" and larger. Please refer to www.daltileproducts.com/LargeTiles for additional information.

Each tile is rectified and modular which allows for the use of smaller grout joints
