DESIGN WITH CONFIDENCE™

COASTAL KEYSTONES™ *with Glass by Oceanside*

COLORBODY™ PORCELAIN

floor • wall • countertop

Head for the shoreline and sail away with the Coastal Keystones collection. Transform a bathtub into a cruise ship and be motivated by this modern and luxurious mosaic tile that lets you escape. In a magnificent range of sizes and hues, the glass and mosaic blends of tile adds sophistication and a worldly feel to virtually any space indoor or out.

Used on both floors and countertops in residential and light-commercial applications, this inspiring blend of some of Daltile's finest products gives you a sea of design options.

Photo features Coastal Keystones Sunset Cove 1x1 mosaic on the backsplash with Treasure Island 1 x 1 mosaic on the walls. Flagstone Slate in Sunflower is shown on the floor with Honey Onyx Marble on the countertops.

1/4"	1/16" Approximately

SLIP RESISTANCE (WET) : 3

The higher the rating, the higher the slip resistance.

1 < .50

2 .50 - .59

3 ≥ .60

TEST RESULTS

	ASTM#	RESULTS
Water Absorption	C373	< 0.5%
Breaking Strength	C648	> 350 lbs
Scratch Hardness	MOHS	8.0
Chemical Resistance	C650	Resistant
Coefficient of Friction	C1028	Wet: ≥ 0.60 Dry: ≥ 0.70

NOTES

100% Glass mosaics using Coastal Keystones glass colors are available through Special Order. Contact your sales service center for pricing & lead times.

Special care should be taken when grouting with dark pigmented colors. A grout release is recommended to prevent finely powdered pigments from lodging in the pores of the tile surface. Use of a latex modified thin-set is recommended for installation.

Strong random shading enhances the natural beauty of this product. To achieve optimal results, tile should be selected from multiple cartons and shading arrangement planned prior to installation.

Since there are variations in all fired ceramic products, tile and trim supplied for your particular installation may not match these samples. Final color selection should be made from actual tiles and trim and not from tile and trim samples or color reproductions. Manufactured in accordance with ANSI A 1371.1 standards.

For additional information, refer to "Factors to Consider" at www.daltile.com/CommercialFactors.

Water, oil, grease, etc. create slippery conditions. Floor applications with exposure to these conditions require extra caution in product selection.

Not for use on ramps.
