Material Safety Data Sheet

May be used to comply with OSHA's Hazard Communication Standard, 29 CFR 1910.1200. Standard must be consulted for specific requirements.

U.S. Department of Labor

Adapted

Occupational Safety and Health Administration from FORM 174, Sept. 1985 (Non-Mandatory Form)

 IDENTITY (As Used on Label and List)
 Note: Blank spaces are not permitted. If any item is not applicable, or no information is available, the space must be marked to indicate that.

Section I - Manufacturer & Distributor Information

Manufacturer's Name	Emergency Telephone Number
Cerindustries Spa (Cerdomus)	011-39-0546-652111
Address (Number, Street, City, State, Country and Postal Code)	Telephone Number For Information
Cerindustries Spa (Cerdomus)	011-39-0546-652111
Cvia Emilia Ponente 1000	Date Prepared
48014 Castelbolognese	7/7/2011
(ra) Italy	Signature Of Preparer (Optional)
Distributor's Name	Distributor's Telephone Number
Dal-Tile Company	(800) 933-8453

Section II - Hazard Ingredients/Identity Information

Hazardous Components (Specific Chemical Identity; Common Name(s))	CAS Number	Concentration (%)	OSHA PEL (mg/m3)	ACGIH TLV (mg/m3)	Other Limits Recommended	
1 Crystalline Silica (Quartz)	7631-86-9	< .5%	10/%SiO2 +2	0.025		
2 Amorphous Silica (fused)	60676-86-0	62-71	80/%SiO2	0.1		

Section III - Physical/Chemical Characteristics

Boiling Point (Specify °F or °C)	not applicable	Specific Gravity $(H_2 O = 1)$	1.75 - 2.93
Vapor Pressure (mm Hg.)	not applicable	Melting Point	> 2000 °F
Vapor Density (AIR = 1)	not applicable	Evaporation Rate (Butyl Acetate = 1)	not applicable
Solubility In Water	•	Appearance And Odor	•
Insoluble Brittle solid; color may vary and Odorless			Odorless

Section IV - Fire and Explosion Hazard Data

Flash Point (Include Method Used To Determine)		UEL	
not applicable	Flammable Limits	not applicable	not applicable
Extinguishing Media			•
None required. Non-flammable.			
Special Fire Fighting Procedures			
None required.			
Unusual Fire And Explosion Hazards			
None required.			
			O+D15

Section V - Reactivity Data

Unstable	not applicable	Conditions To Avoic				
Stable	Stable in current form.	Avoid contact with acids (e.g., acetic, hydrofluoric, etc.)				
Incompatibility (Materials To Avoid)	•					
Avoid contact with acids (e.g., acetic, hydro	fluoric, etc.)					
Hazardous Decomposition Or Byproducts						
Under normal conditions these products do	not release hazard	lous materials after installation.				
Hazardous Polymerization May Occu	not applicable	Conditions To Avoic				
Hazardous Polymerization Will Not Occu	Will not occur	Not applicable				

Section VI - Health Hazard Data

Route(s) Of Entry:	Inhalation	Yes	Skin?	Yes	Ingestion?	<u>No</u>
lealth Hazards (Acute and Chronic)	_				<u> </u>	
Acute - Excessive exposure to tile dust ca for intact tile.	an cause eye, skin,	and lun	g irritation from m	echanical abras	sion. Ingestion is	not applicable
Chronic - Not applicable for intact tiles. E exposure to silica dusts can lead to silico		e to tile c	lust can cause dis	comfort and me	echanical irritation	. Long term
Carcinogenicity - Respirable crystalline s carcinogen. Intact tile is not believed to b installation, disposal, and/or if damaged. suspected human carcinogen; however, fi	e hazardous and li Crystalline silica is	mited po s describ	ed in ACGIH and	e exists for crys	stalline silica (quai identified in other	rtz) during
Carcinogenicity:	NTP?	Yes	IARC Monographs?	Yes	OSHA Regulated?	Yes
Signs And Symptoms Of Exposure	Į					
Excessive exposure to tile dust can cause can lead to silicosis. Medical Conditions Generally Aggravated By Ex		ginnaud		ai adrasion. Lo	ng term exposure	
Existing lung disease may be aggravated		tile dusts	5.

Respiratory Protection (Specify Type)

Use of a properly fitted NIOSH/MSHA approved particulate respirator is recommended when cutting tiles.

Ventilation:

Use adequate ventilation to keep exposure to dust below recommended exposure levels. Avoid inhaling dust. The highest probability of silica exposure occurs during dry cutting. Wet cutting methods are recommended.

Eye Protection:

Use dust-proof goggles or safety glasses with side shields. Contact lenses may absorb irritants. Do not wear contact lenses in work areas.

Skin Protection:

Cotton or leather work gloves should be worn when cutting this product to minimize skin exposure. Wash hands prior to eating, drinking, or smoking, and at the end of the work shift, after cutting operations are conducted.

Other Protective Clothing or Equipment:

Note: Personal protection information listed above is based upon general information as to normal uses and conditions. Where special or unusual uses or conditions exist, it is suggested that the expert assistance of an industrial hygienist or other qualified professional be sought.

Section VIIII - Regulatory Section

This product contains a chemical or chemic	als knowr	to the s	State of Califo	rnia to	cause cancer a	nd/or hirth	defects or other
reproductive harm.				inna te			
SARA Reporting
