

Easy Adjust Instructions

Twin and Twin XL

Step 1. Take components out of the box and lay them out on the floor.

Step 4. Flip the base over to stand upright.

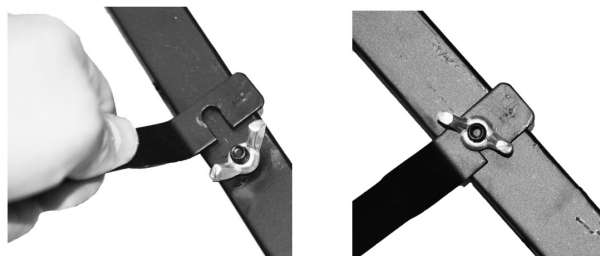

Step 2. Unfold the frame, lay on side and attach six support braces with preinstalled wing nuts.

Step 5. Install the metal guard to prevent the mattress from slipping off the edge of the frame.

Step 3. Tighten the wing nut until secure. Repeat the same process for all six legs, making sure all wing nuts are tightly secured.

Enjoy your new adjustable frame!
