

# professional line ALLIANCE™

## wood

The Alliance™ is the most versatile wood portable table on the market today. This table is perfect for any massage therapist with a need to perform any of today's most popular treatments such as esthetics, spa treatments and massage.

Shown in Ruby upholstery with optional QuickLock™ face rest platform & Aero•Cel™ face rest crescent

## aluminum

The Alliance™ Aluminum is a lightweight table that offers exceptional strength, unbeatable client access, and positioning accuracy. This table is perfect for any of today's most popular treatments in the spa, medi-spa, and massage fields.

Shown in Orchid upholstery with optional QuickLock™ face rest platform & Aero•Cel™ face rest crescent

- PATENTED INTEGRAHINGE™**  
OAKWORKS® exclusive design integrates the attachment of the bracing system to offer incredible strength and lighter weight that no piano hinge can match.
- UNILOCK™**  
Super quick, easy to use closure system. Won't rip your sheets.
- ULTIMATE ACCESS END PANEL & SHIATSU CABLES (WOOD ONLY)**  
Our unique system allows you to get your legs under the table at the height you work, offering the best access on the market. The shiatsu cables allow the table to lie flat on the floor.
- EXCEPTIONAL FRAME STRENGTH**  
Frames are built on a computerized machine for accuracy and strength, utilizing box joints that are glued and screwed together.

# UPHOLSTERY

## TERRATOUGH™

One more investment in wellbeing. For years, vinyl, also known as polyvinyl chloride, has been the standard for massage tables. OAKWORKS® is proud to bring you our TerraTouch™, a revolutionary, earth-friendly upholstery fabric, made from environmentally friendly, PVC-free premium polyurethane. We designed it with the best features for bodywork. And, only TerraTouch™ comes in this great palette of eye-pleasing colors.

- a soft “hand” for ultra comfort
- a great memory to retain its shape
- excellent abrasion and tear resistance
- high oil and cold endurance
- easy to clean

## ULTRATOUGH™

Ultra-luxury. UltraTouch™. Environmentally conscious, premium polyurethane. It's even softer than TerraTouch™, yet holds its shape better than any other upgraded upholstery on the market. Treat yourself and your clients to the nurturing softness of UltraTouch™. The enticing price will encourage you to say yes. Order it with our Aero-Cel™ padding for a plush elegance that is sure to ease your clients into a special state of bliss.

# PADDING

## AERO•CEL™ PADDING

New technology in padding options now gives you 4" or 6" of more resilient support with a softness that conforms to the body's curves. Offering the most relaxing and nurturing environment possible, it's an investment that will return long years of "ahhhhs". Weighs 4-5 pounds more than semi-firm.

## PLUSH PADDING

Our traditional 3" multi-layer, super supportive multi-density system for optimal comfort and durability. Its perfect balance of softness and support make this padding ideal for bringing relaxation to clients everywhere. Weighs 2-3 pounds more than semi-firm.

## SEMI-FIRM PADDING

2 ¼" multi-layer, multi-density system for firmer support and comfort with easier portability. Designed for the best balance of lighter weight and comfortable support. We use semi-firm on our portable tables to determine their published weights.

## FIRM PADDING

1 ½" multi-layer, multi-density system provides firm support. Weighs 1-2 pounds more than semi-firm.
