Can you feel it?™

## PL017 Neck and Shoulder Massager

Tight neck and shoulder muscles? Feel the soothing relief from Prosepra's Neck and Shoulder Massager. Use it on your back, abdomen, thighs and arms as well, for the ultimate power of tapping massage. With adjustable programs for various intensity and frequency and two optional automated programs, you can customize the tapping massage to your personal needs. The two massage heads work sequentially to loosen tight muscles by increasing blood flow. Prosepra's user-friendly Neck and Shoulder massager delivers instant relief to the areas where you need it most. It's the perfect personal massager for the home and office.
