Sakai™ Sugarcane 12"x24" • Staggered horizontal mix pattern

The lush rainforests of Malaysia are the inspiration for Sakai, an exotic glazed porcelain series which is offered in two plank sizes - 6"x24" and 12"x24" - with colors reminiscent of wood and natural materials.

Its sizes can be used on their own, or together, to create attractive patterns. Sakai's various colors can also be mixed for a more dramatic effect.

#### GLAZED BODY MATCH PORCELAIN

#### Color shade variation

Suggested patterns. Horizontal Grid Mix, Offset, Staggered Diagonal Mix

Grout joint recommendation. 3/16"

#### Technical specifications

TEST	ASTM	RESULTS
Abrasion Resistance	C1027	III
