

Smart Step® *Home* Collection

“The Absolute Best” Seven year Warranty

Unmatched in Comfort - Smart Step® mats provide “The Absolute Best” in comfort and relief. The 5/8” polyurethane composite effectively suspends body weight reducing impact on the back, legs, and feet, while encouraging proprioception (rebalancing). The result of this is; consistent comfort, better circulation and less fatigue.

Will Always Lie Flat - The 20 degree and ADA compliant, gradually beveled edges of all Smart Step® mats will never curl up. This helps prevent dangerous trip hazards. Our SmartTech™ Polyurethane technology includes 100% memory properties, meaning the mat is cured flat and will always remain flat.

Will Never Delaminate - The unique one piece construction of the Smart Step® mat eliminates the need for glues or toxic bonding agents that often break down in time. Our mats will never separate, bubble up, ripple, or tear as a result of broken down glues.

Will Never Compress - Smart Step® mats have immediate recovery (bounce back) and will never lose their form. The STP construction will not compress (squish down) creating dangerous high and low spots or lose resiliency. This results in consistent comfort, even where the most frequent standing occurs.

Will Never Wear Through - Our advanced designs and SmartTech™ Polyurethane protect against high traffic erosion. Even after many years, deterioration is greatly reduced leaving an attractive, easy to clean finish.

Real Simple Maintenance and Cleaning

Smart Step® mats are virtually indestructible. Evolved from commercial settings, they require no special care. Most spills can easily be cleaned with a towel. For more difficult spills and stains, Smart Step® mats can be cleaned with any household cleaner – such as Fantastic, Windex, Formula 409, etc. They can also be spot cleaned, stick vacuumed (non-brushrolled), mopped or steam cleaned as needed.
