

Lucio W1

Design
Dante Donegani,
Giovanni Lauda

Year
2009

Description

Lucio is both a diffused wall and ceiling light, made from opaline, handblown glass, whose uniqueness lies in the cut at the centre of its diffuser, which pays homage to those of Spatialism artist, Lucio Fontana. It comes with compact, circular fluorescent bulbs to guarantee both optimum luminescence and energy savings.

Materials

Handblown, double skinned opaline glass diffuser. Nickel plated spun steel wall mounting and ring element. The glass is fixed to the wall mount with a bayonet fitting.

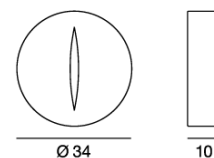

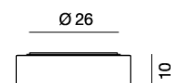

Certifications

CE IP20

Uses

Wall,
Ceiling
