

Important: Always disconnect the power before installing or replacing bulb and before cleaning or other maintenance.

This light should be installed by a licensed electrician

LAMP INSTALLATION AND ASSEMBLY

1. Shut off power to the outlet box. (fig. A)
2. Loosen cord grip to adjust length of cord. Be sure to tighten once desired length is obtained. (fig. B)
3. Attach the mounting plate to the outlet box using outlet box screws.
4. Secure mounting plate to ceiling with mounting plate screws and mounting plate screw anchors.
5. Make appropriate electrical connections using wire nuts. If there is no green ground wire from the outlet box, then connect the fixture wire to the mounting plate with the green screw provided. Place connections in outlet box.
6. Attach canopy over mounting plate with canopy nuts.
7. Install T10 bulb. (not included)
8. Place metal shade over socket and secure with inner pins.
9. Insert plastic washers into glass shade. Secure glass shade over the metal shade with outer pins.
10. Restore power to fixture.
