

Important: Always disconnect the power before installing or replacing bulbs and before cleaning or other maintenance.

This light should be installed by a licensed electrician

Assembly & Installation Instructions

1. Shut off power to outlet box (Fig A).
2. Make appropriate electrical connections using wire nuts:
 - a. Connect the fixture's hot wire (black) to the black outlet box wire.
 - b. Connect the fixture's neutral wire (white) to the white outlet box wire.
 - c. Connect fixture's ground wire (green or uncoated) to the ground outlet box wire. If no ground is present in outlet box, connect fixture's ground wire to the mounting plate using the green screw (included).
 - d. Carefully place connections in outlet box.
3. Place mounting plate over outlet box and secure it with outlet box screws.
4. Attach backplate over mounting plate and tighten with back plate screws.
5. Install medium base bulb (included Vintage Carbon Filament Bulb is optional)
6. Attach side and front glass and the clear plastic washers to threaded stems and tighten with metal caps.
7. Restore power to fixture.

CARE INSTRUCTIONS

Dusting – Use a clean, dry cloth.
Cleaning – To protect the finish, avoid any harsh abrasives or chemicals.
