

Important: Always disconnect the power before installing or replacing bulb and before cleaning or other maintenance.

This light should be installed by a licensed electrician

Assembly & Installation Instructions

1. Shut off power to outlet box (Fig A).
2. Attach mounting plate to outlet box using outlet box screws.
3. Make appropriate electrical connections using wire nuts:
 - a. Connect the fixture's hot wire (black) to the black outlet box wire.
 - b. Connect the fixture's neutral wire (white) to the white outlet box wire.
 - c. Connect fixture's ground wire (green or uncoated) to the ground outlet box wire. If no ground is present in outlet box, connect fixture's ground wire to the mounting plate using the green screw (included).
 - d. Carefully place connections in outlet box.
4. Attach canopy over mounting plate and tighten with canopy screws.
5. Install medium base bulbs. (included Vintage Carbon Filament Bulb is optional)
6. Attach small glass, with 2 x clear plastic washers, to the longer square stems. Tighten with metal caps.
7. Attach large glass, with 2 x clear plastic washers, to the shorter square stems. Tighten with metal caps.
8. Restore power to fixture.

CARE INSTRUCTIONS

Dusting – Use a clean, dry cloth.
Cleaning – To protect the finish, avoid any harsh abrasives or chemicals.
