

ROUNDABOUT®

Convertible Car Seat

Rear-Facing | 5–40 lbs; Forward-Facing | 20–55 lbs

The ROUNDABOUT is purposefully designed and engineered to minimize the forward movement of the child's head during a frontal impact to reduce the risk of head injury with the following revolutionary BRITAX head safety technologies:

Base with SafeCell Technology® designed to compress in a crash, significantly lowering the center of gravity and counteracting the forward rotation of the child seat.

Energy Absorbing Versa-Tether® features a two-point attachment and staged-release tether webbing to slow the forward movement and reduce the crash forces reaching the child.

Integrated Steel Bars strengthen the connection to the vehicle and reduce forward flexing of the child seat during a crash.

Premium Safety Features

- **Side Impact Protection** comprised of deep side walls lined with energy-absorbing EPP foam distributes crash forces, shields from vehicle intrusion, and contains the head, neck and body
- **Base with SafeCell Technology®** features SafeCells designed to compress in a crash, significantly lowering the center of gravity and counteracting the forward rotation of the child seat which normally propels the child toward the front seat
- **Integrated Steel Bars** strengthen the connection to the vehicle and reduce forward flexing of the child seat during a crash
- **Energy Absorbing Versa-Tether®** features a staged-release tether webbing to slow the forward movement, reducing the crash forces reaching the child, and a two-point attachment to minimize forward rotation while anchoring the top of the child seat
- **Tangle-Free, Five-Point Harness** distributes crash forces across the strongest parts of the body and provides a secure fit

Superior Fit and Comfort Features

- **55-pound Weight Capacity** for safety and comfort as your child grows
- **Rear and Forward Facing Recline** for child comfort and positioning
- **High Density Comfort Foam** provides an extra layer of padding to gently cushion your child
- **Two Buckle Positions** for your growing child
- **Infant Positioning Pillow** offers extra comfort while achieving proper harness fit for small infants

Superior Ease-of-Use Features

- **Premium Lower LATCH Connectors** for a quick and simple installation featuring a push button for easy release
- **Built-in Lock-Offs** ensure a snug lap and shoulder belt installation with minimal effort
- **Anti-Slip, Contoured Base** grips and protects the vehicle seat while offering optimum vehicle fit
