**FREDRIX®  
Canvas Panels**

Canvas panels are great for students. The surface texture provides a very definite paint-gripping tooth with minimum paint absorption. A perfect support for painting in all media. The sides are completely turned under and glued to prevent fraying and separation. The entire area of canvas is firmly glued to the board. The sizing is acid-free.

**FREDRIX®  
Archival Canvas Panels**

Professional grade canvas boards are constructed throughout with the highest quality, non-acidic archival materials. The tempered hardboard core will not warp, become brittle, or rot over time. Mounted with proprietary acid-free adhesive, the painting surfaces use the finest Fredrix archival seal of quality. Boards are .165" thick.

**FREDRIX®  
Unprimed  
Cotton Rolls**

Unprimed canvas rolls are made for artists who need versatility in sizing and the choice to use many different mediums by being able to prime their own canvas exactly as they prefer. Cotton rolls are 100% unprimed cotton canvas specifically woven to rigid specifications. Linen rolls are 100% raw linen canvas with medium weave and weight.

**FREDRIX®  
Cross-Braces and Brackets**

Braces allow for the addition of extra reinforcement to larger art canvas frames. Length cut to fit inside dimension of stretchers strips. Fredrix cross braces are attached to the back groove of the stretcher bar. Brackets allow you to secure cross-braces without cutting into the strips. Patented cross-brace brackets may be removed while painting and replaced without distorting the frame.

**WINSOR & NEWTON™  
Artists' Deep Edge  
Stretched Cotton Canvas**

Offers the artist a good quality, acid-free, cotton canvas that has been triple coated with primer. The stretched canvas is of medium grain, made from 100% cotton and is ideal for use with oil (including water mixable), acrylic, and alkyd paints. Features a 38mm deep edge frame. Edges are clean for painting around the sides and there is no need for framing. Stretcher bars are 1½" wide by 1½" deep.

**WINSOR & NEWTON™**  
The World's Finest Artists' Materials

**Perfection from the ground up!**

Crafted from carefully selected and prepared cotton duck to ensure outstanding quality, Winsor & Newton canvas is ideal for all techniques including heavier application of colour. Our superior cloth of medium grain surface has been coated with acid-free sizing and highly pigmented primer all formulated by Winsor & Newton. This ensures a balanced absorbency and tooth, essential to prevent the sinking of oil colours and improve adhesion. Winsor & Newton stretched canvases are mounted on professional stretcher bars offering great strength and stability, and back-stapled so the clean edges can be painted or displayed without a frame. Winsor & Newton canvas is available in a wide range of the most popular sizes and profiles.

**WINSOR & NEWTON™  
Universal Stretched Cotton  
Canvas Twinpacks**

Good quality, acid-free, stretched cotton canvas that has been double coated with primer. The canvas is of medium grain and is made from 100% cotton. For general use with oil (including water mixable), acrylic, and alkyd paints. Stretcher bars are 1½" wide by 11/16" deep.

**WINSOR & NEWTON™ Artists' Cotton Canvas Boards**

Superior quality canvas boards feature canvas laminated onto high quality boards of excellent stability. Stretched by hand for correct tension and tailored corners, and are triple coated with one coat of acid-free sizing and two coats of highly pigmented primer. Prepared for immediate use with oil, water mixable oil, alkyd, and acrylic paints. Medium grain surface ideal for all techniques including heavier applications of color. The balanced absorbency and tooth of the canvas board prevents sinking of oil colors and improves adhesion.

AP9M Series Panels, 3/8" Flat

APC75 Series Panels, 3/4" Cradled

**AMPERSAND™ Artist Panels™**

Experience the advantages of painting on prepared wooden panels and enjoy painting even more! Ready-to-paint acrylic gesso surface on an MDF panel for oils and acrylics. The canvas-like texture and rigid support provides the advantages of a panel with the feel of fine canvas. No stretching or priming needed. Allows brighter, more intense paint colors that flow and blend without resistance and a higher level of detail and brushwork. Holds up better with no sag or bounce. No warping, bowing, or twisting. Panels are more stable and last longer.

**AMPERSAND™ Gessobord™**

The number one panel for oils and acrylics. Comes ready to paint, featuring a professional quality acid-free acrylic gesso ground that is lightly textured for good adhesion. Titanium white for enhanced clarity of color. Made with Ampersand's own True Artist Hardwood substrate and Archiva-Seal. Perfect for oils, acrylics, alkyds, and water-based oils. It's delicate enough for glazing, fluid brush strokes, and tight detail, and tough enough for palette knife painting.

**FREDRIX® Mounting Boards**

Used by artists and framers to mount artists paintings. 32" x 40" boards.

**AMPERSAND™ Encausticbord™**

A ready-to-use surface formulated for the unique demands of encaustic painting and mixed media. Encaustic gesso is applied to Ampersand's sealed Hardbord panel to form a bright, smooth, and velvety surface that is ready to use with the ancient technique of encaustic painting. The ground is not only heat-resistant and highly absorbent, it holds tight to layers of wax and collage without the fear of cracking or separation. It can be used with any combination of mediums imaginable to create incredible textures, colors, and patterns.

JAC9702

JAC9701

**JACQUARD**  
**Silk and Cotton**  
**for Inkjet Printing**

These silk and cotton sheets run through inkjet printers just like paper. Then peel off the backing. When the print is thoroughly dry, rinse in water or wash with cold water and soap. The print is permanent. After washing, no special fixing is needed. The printed fabric can be used for quilts, flags, applique, clothing labels, doll faces, placemats, etc.

T3520

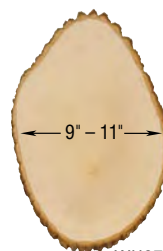

**FREDRIX®**  
**Desktop Inkjet Canvas**

Made especially for desktop inkjet printers, although some desktop printers will deliver better quality than others. Recommended for use on HP, Epson, Lexmark, and Canon. The canvas is a fine woven blend of polyflax and cotton, and is specially coated with an acid-free acrylic titanium gesso to provide long term archival quality. A clear topcoat is applied for greater ink adhesion and to deliver better, more color intense reproduction.
