How To Care For Your CXO™

With regular care and maintenance, your CXO™ will provide many years of superior performance and satisfaction. To maintain the quality of your Nightingale product, please follow the cleaning procedures outlined here.

Mechanism

Oil sparingly moving parts once a year with light machine oil.
NOTE: to prevent dripping, avoid over lubrication which may cause damage to surrounding surfaces.

ABLEX™ Mesh

Clean with mild detergent and water applied with a damp clean cloth or sponge. Rinse with water. Never use hot water and avoid scrubbing. Use gentle movements.

Plastic parts

Clean with mild detergent and water. Do not use abrasives or excessive amounts of cleaner.

Frame

Powder coat frames can be cleaned by wiping with a damp cloth and any mild detergent.

* The instruction for the care and maintenance of Nightingale Products are provided to you as a service. No warranty is implied since results may vary.

Congratulations On Purchasing Nightingale's CXO™

Please read and understand this user guide with instructions before operating this office chair.

How To Use and Adjust My CXO™

A. Pneumatic Height Adjustment
To lower, turn the paddle up while seated. To raise, turn paddle up with your weight off seat.

B. Seat Slider Pull lever bar up to unlock, move seat to desired position, release lever to lock into position.

C. Infinite Position Tilt Lock
To lock chair in position, turn paddle up, to allow free movement, turn paddle down.

D. Tension Knob Turn clockwise to increase tension, turn counter-clockwise to decrease tension.

E. Arm Height Adjustment
To raise or lower arm height, pull trigger up and move to desired position. Release trigger to lock into position.

F. Horizontal Arm Adjustment
Pull arm out from seat to desired position from bottom of arm, for increased width. Push arm in to decrease width.

G1. Arm Pivot Adjustment
(Front button on side of pad) Push button in to pivot, release button to lock into position.
G2. Arm Pad Front To Back Adjustment
(Back button on side of pad) Push button in to move to desired position, release button to lock into position.

H. Horizontal Lumbar Adjustment
Press button down and move lumbar to desired depth, release button to lock into position. To raise, lift lumbar to desired position. To lower lumbar, lift to top position.

I. Ratchet Height Adjustable Headrest
Simply lift headrest to desired position and headrest locks auto-matically. To lower headrest lift headrest to top position. **Headrest Feature Available Only On The 6200D CXO Version.**
