

ROBELLE

everything for your swimming pool!

Item #3216
L4105

Winterizing Kit Instructions

- 1) Do not winterize your pool until the water is clear, properly balanced and free of algae.
- 2) Operation of the filtration system is recommended during treatment
- 3) Add the chemicals separately as follows:
 - Winter Algaecide 20- Add 1 quart of this product per 16,000 gallons of pool water. This dose helps provide a measure of control of algae growth during the winter months.
 - Winter Clear at a rate of 1 quart per 16,000 gallons of pool water by pouring directly into pool. Run filter continuously for 48 hours.
- 4) Cover pool if possible.
