

EGE SERAMIK AMERICA

ATLANTIC SERIES INSTALLATION INSTRUCTIONS

PLEASE NOTE: Due to the rectangular shape of the Atlantic pieces and their similarity to natural wood, Ege Seramik recommends the following 2 laying options:

Option 1) Interlocked laying with a Maximum 15% overlay (Figure A)

Figure A

Option 2) Herringbone pattern (Figure B)

Figure B

Do **NOT** install with a greater than 15% overlay (Figure C)

Up to 50% may reveal the natural curvature of the tile and is NOT recommended

Figure C
