

# Zanzibar Round Pool Package Features

## Durable 8-Inch Resin Top Rail & Heavy Duty Steel Uprights

The Zanzibar Pool features an attractively styled 8-inch resin top rail that not only looks great, but will also never rust, corrode or dent. It also features heavy duty 8-inch vertical uprights constructed of thick gauge steel, the strongest material used in above-ground pool construction. The combination of resin and heavy gauge steel on the framework structure of the Zanzibar makes for a pool durability that can't be beat!

Limited Warranty

## Backed by a 30-Year Limited Manufacturer's Warranty

Buy with confidence! The Zanzibar Above Ground Pool is backed by a 30-Year Limited Manufacturer's Warranty.

## Sand Filter System with 1 or 1.5 Horsepower Pump

This high performance 1 or 1.5 HP sand filtration system will keep your pool crystal clear and deliver years of trouble free operation. It is constructed from durable polyethylene making it weather and corrosion proof. Precisely engineered laterals inside the filter provide an even flow through the sand bed to ensure maximum filtration and a shimmering clean pool.

15-ft Round: 1 HP  
27-ft Round: 1.5 HP

18-ft Round: 1 HP  
30-ft Round: 1.5 HP

24-ft Round: 1 HP

## Efficient Skimmer and Return System

Swim Time's Zanzibar pools come standard with a Widemouth Skimmer, which is typically an upgrade on most competitor models. Skimmers act as the suction machines of all unwanted debris, meaning the wider the skimmer, the more debris it can pick up. This widemouth skimmer provides maximum water circulation to remove leaves, bugs and debris from your pool before it sinks to the pool floor. It is modeled with a deep body and locking basket for the most effective skimming action.

## Sleek & Sturdy Resin A-Frame Ladder

This sleek and sturdy A-frame ladder is designed for easy entry and exit from your Zanzibar above ground pool. The ladder is constructed from maintenance-free resin so it will not rust or corrode over time. The outside ladder flips up and locks into place to prevent unwanted entry. Wide, 5 in. non-skid platform and treads give it a super secure foothold. This ladder gives you the durability you want and all the safety features you need. Weight capacity - 300 lbs.

## Decorative Grand Tile Unibead Liner

The top-quality unibead vinyl liner included with your Zanzibar Above Ground Pool Kit comes in a beautiful pattern with a designer Grand Tile border. The liner is made using the unique Lamiclear Process for maximum protection from pool chemicals and the sun's damaging UV rays. The liner can be used as an overlap or beaded liner.
