Pair your new Trailblazer® with accessories for superior performance.
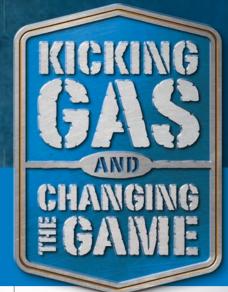

KICKING GAS AND CHANGING THE GAME

TRAILBLAZER

Stick Welding

#173 851	2/0 weld cable set (includes electrode holder and ground clamp)
#S119944-089	10 lb. Plastic Pak Hobart® 418 1/8" 7018 stick electrode
#S116544-089	10 lb. Plastic Pak Hobart Pipemaster® 60 6010 stick electrode

Wire Welding with Voltage Sensing (VS) Feeder

#951 185	SuitCase® X-Treme™ 12VS wire feeder (includes Bernard® Dura-Flux gun)
#191 981	Connector for feeder (Tweco)
#243618050	50' 2/0 weld cable from power source to feeder (includes connectors)
#243671050	50' 2/0 weld cable from power source to work (includes ground clamp and connector)
#S225719-053	Hobart Fabshield® XLR-8 1/16" 33 lb. spool flux-cored wire

Wire Welding with Remote Control (RC) Feeder

#951 188	SuitCase 12 RC wire feeder (includes Bernard Q300 gun)
#191 981	Connector for feeder (Tweco)
#242205050	50' control cable extension
#243618050	50' 2/0 weld cable from power source to feeder
#243671050	50' 2/0 weld cable from power source to work (includes ground clamp and connector)
#32-80-580	Smith inert gas regulator/flowmeter
#244905050	50' of gas hose assembly
#S307608-085	Hobart Quantum Arc™ 6 .035" solid wire
#151 032	.035" V-grooved drive roll kit

Spoolgun System

#130 831	Spoolmatic® 30A
#32-80-580	Smith inert gas regulator/flowmeter
#137 549	WC-24 weld control
#243671050	50' 2/0 weld cable from power source to work (includes ground clamp and connector)
#404303504	MAXAL® 4043 .035" 1 lb. plastic spool aluminum wire

Your Trailblazer welder/generator can do even more with these hard-working options:

Excel™ Power

Excel power provides 120V, 60Hz of pure sine wave generator power at idle speed and while welding. When connected to the Excel power receptacle, you get up to 2400 watts of the cleanest generator power available. Plus, you can run most jobsite tools — like grinders, chop saws, drills and lights — at idle speed.

Electronic Fuel Injection

Electronic Fuel Injection (EFI) offers better fuel economy, longer runtimes, fast starts, reliable operation and reduced emissions.

Miller — The Power of Blue®

Pair your new Bobcat™ with accessories for superior performance.

BOBCAT

Stick Welding

#173 851 2/0 weld cable set (includes electrode holder and ground clamp)

#S119944-089 10 lb. Plastic Pak Hobart® 418 1/8" 7018 stick electrode

#S116544-089 10 lb. Plastic Pak Hobart Pipemaster® 60 6010 stick electrode

#S112244-089 10 lb. Hobart 335a 1/8" 6011 stick electrode

Wire Welding with Voltage Sensing (VS) Feeder

#951 185 SuitCase® X-Treme™ 12VS wire feeder (includes Bernard® Dura-Flux gun)

#191 981 Connector for feeder (Tweco)

#243618050 50' 2/0 weld cable from power source to feeder (includes connectors)

#243671050 50' 2/0 weld cable from power source to work (includes ground clamp and connector)

#S222112-029 Hobart Fabshield® 21B .045" 33 lb. spoolflux-cored wire

Spoolgun System

#130 831 Spoolmatic® 30A

#32-80-580 Smith inert gas regulator/flowmeter

**#137 546-011** WC-115A w/contactor

#243679050 50' weld cable from power source to WC115A

#243671050 50' 2/0 weld cable from power source to work (includes ground clamp and connector)

#404303504 MAXAL® 4043 .035" 1 lb. plastic spool aluminum wire

Electronic Fuel Injection

Electronic Fuel Injection (EFI) offers better fuel economy, longer runtimes, fast starts, reliable operation and reduced emissions.

Accessories for Bobcat and Trailblazer® Welder/Generators

- *#907 335 Millermatic® 140 Auto-Set™*
- *#907 422 Millermatic® 211 Auto-Set™ with MVP™*
- *#907 405 Millermatic® 212 Auto-Set™*
- *#907 531 Spectrum® 625 X-TREME™*
- *#907 099-011 Dynasty® 200*
- *#907 627 Diversion™ 180*
- *#300 517 Adapter Cord, Full KVA for Engine Drives*
- *#300 913 Multi-Terrain Running Gear*
- *#300 919 Protective Cover (for use without protective cage)*
- *#300 917 Hose and LP Tank Mounting Assembly*
- *#300 430 Remote hand control (Trailblazer only)*
