

# An introduction to the Qdo concept

QUALITY DESIGN OBJECTS

# Qdo is serious about having fun

Qdo is pursuing its own path with the courage to stand out from the crowd.

Every single product is packaged in a way that describes the story behind the design.

Qdo is passionate about play and fun, qualities that fully reveal themselves on the shop shelves.

**QUALITY  
DESIGN  
OBJECTS**

QUALITY  
DESIGN  
OBJECTS

# Qdo is for the young at heart

Qdo is for everyone for whom the world is not just black and white. For people who love surrounding themselves with products that tell stories. Qdo is for everyone who likes change and witty design.

For the young at heart who don't take themselves too seriously.

# We combine Scandinavian design with Asian efficiency

*Qdo - a breakthrough of the traditional supply chain*

We have created the innovative combination concept of merging Scandinavian design with Asian production efficiency at the modest cost. A short, smooth and effective supply chain has been developed for generating a win-win situation to all parties.

Therefore, we offer **QUALITY DESIGN OBJECTS** at lower costs.

**QUALITY  
DESIGN  
OBJECTS**

**QDO IS MORE  
FOR LESS**

We provide DESIGN WITHIN REACH

# Scandinavian design

QUALITY  
DESIGN  
OBJECTS

The Qdo range is designed by **Scandinavian Design Team**. It is a forum of acknowledged Scandinavian designers and young talented designers.

The Scandinavians have a long history for creating the modern functional design. Simplicity, good materials and innovation are important elements to define Scandinavian design and Qdo.

How Hot Pot, 1 L  
How Hot Pot, 350ml

- The innovative idea of coffee press comes with removable digital display. Timer and thermometer functions ensure your coffee is brewed and served for optimal taste at the right time and temperature.
- The water temperature of brewing your coffee is 92-96 °C, and the ideal temperature for serving on the table is 70-80 °C.
- Timer assembles the alarm function. 4-minutes counting down and alarm remind you the best time for brewing with pressing the plunger down.
- Digital thermometer allows switching between °C and °F for universal use. It also cultures you to serve and enjoy best coffee between 70 and 80 °C
- Dishwasher safe, except the digital display.

1L: Art no. 567112 (Black), 567355 (Brown), 567325 (Purple), 567162 (Red), 567221 (Orange), 567163 (Turquoise), 567357 (Green), 567356 (Grey)

Materials: Heat resistant glass, plastic  
Electronic part: digital display including 2 button cells(1,500cycles)

350ml: Art no. 567385 (Black), 567390 (Brown), 567386 (Purple), 567387 (Red), 567388 (Orange), 567389 (Turquoise), 567392 (Green), 567391 (Grey)

Materials: Heat resistant glass, plastic  
Electronic part: digital display including 2 button cells(1,500cycles)

# Pots and Pitchers

Hot and Cool, 1.2 L

- Hot and Cool Pitcher combines multi-functions for both hot and cold beverages, such as tea, water and even coffee. It moves easily from maker to pitcher.
- The pitcher body is made of heat resistant glass and comes with silicone lid and 2 special inserts - plastic infuser and fine mesh filter.
- Plastic infuser allows brewing tea or functioning as water carafe
- The fine mesh filter is an extra part for making the dripping coffee. It omits the need of paper filter.
- The streamline neoprene sleeve provides non-slippery and heat sulation functions.
- Dishwasher safe. Coat cover damp wipe only.
- Capacity: 1.2L as pitcher.

Art no. 567180 (Black), 567358 (Brown), 567183 (Purple), 567181 (Red), 567182 (Orange), 567324 (Turquoise), 567360 (Green), 567359 (Grey)

Materials: Heat resistant glass, plastic and silicone , coat sleeve

# Pots and Pitchers

Dancing Leaf, 1,2 L

- Dancing Leaf Tea Pitcher allows you steeping loose leaf tea without any infuser.
- You can make your own favourite tea. It consists of a glass carafe and built-in filter.
- It moves easily from tea maker to pitcher. It can make hot tea or cold brew tea. The pitcher is made of heat-resistant glass and a silicone lid. A built-in filter omits the need for an infuser, so simply that let your loose leaf tea unfurl and steep until it reaches your desired flavour. The neoprene sleeve provides non-slippery, heat insulation and keeping warm functions.
- It is also designed for using in fridges.
- Dishwasher-proof. Coat sleeve cover damp wipe only.

Art no. 567185 (Black), 567361 (Brown), 567188 (Purple), 567186 (Red), 567187 (Orange), 567326 (Turquoise), 567363 (Green), 567362 (Grey)

Materials: Heat resistant glass, plastic, silicone, and coat cover

# Pots and Pitchers

Dancing Leaf with handle, 1,2 L

- Dancing Leaf Tea Pitcher with handle allows you steeping loose leaf tea without any infuser.
- You can make your own favourite tea. It consists of a glass carafe and built-in filter.
- It moves easily from tea maker to pitcher. It can make hot tea or cold brew tea. The pitcher is made of heat-resistant glass and a silicone lid. A built-in filter omits the need for an infuser, so simply that let your loose leaf tea unfurl and steep until it reaches your desired flavour.
- Dishwasher safe.

Art no. 567190 (Black), 567364 (Brown), 567193 (Purple), 567191 (Red), 567192 (Orange), 567327 (Turquoise), 567366 (Green), 567365 (Grey)

Materials: Heat resistant glass, plastic and silicone

# Pots and Pitchers

Tealight Teapot, 1 L

- **Tealight Teapot** consists of 2 parts - a porcelain warmer stand and a glass teapot. Placing the teapot with lighting the tealight on porcelain warmer stand is the unique design for decorating your place.
- It also provides the heating and illuminating the tea function.
- Dishwasher safe.

Art no. 567190 (Black), 567364 (Brown), 567193 (Purple), 567191 (Red), 567192 (Orange), 567327 (Turquoise), 567366 (Green), 567365 (Grey)

Materials: Heat resistant glass, plastic and silicone

# Pots and Pitchers

Glass Teapot  
with Clip Handle, 1 L

- The classic glass teapot has been transformed into a modern design with a comfortable handle.
- The design language is classic and simple. The mixture of materials in heat resistance glass, plastic handle, filter and stopper is contrast to the classical material concept. This new and unique design application makes this teapot to have a special glow.
- It comes with a plastic filter. After tea steeping in the filter, you raise the filter and put the stopper back on the teapot. The filter and stopper are easily disassembled and cleaned.
- Dishwasher safe.

Art no. 567149 (Black), 567148 (Brown), 567328 (Purple), 567144 (Red), 567212 (Orange),  
567145 (Turquoise), 567367 (Green), 567147 (Grey)

Materials: Heat resistant glass, plastic

# Pots and Pitchers

Glass teapot - Cylinder  
with Clip Handle, 1 L

- The classic glass teapot has been transformed into a modern design with a comfortable handle.
- The design language is classic and simple. The mixture of materials in heat resistance glass, plastic handle, filter and stopper is contrast to the classical material concept. This new and unique design application makes this teapot to have a special glow.
- It comes with a plastic filter. After tea steeping in the filter, you raise the filter and put the stopper back on the teapot. The filter and stopper are easily disassembled and cleaned.
- Dishwasher safe.
