

# FloorMac

13" Smooth Oscillating Lightweight Floor Machine

## The Ideal Single Disc Floor Machine for Beautiful Commercial and Residential Floors.

The FloorMac Smooth Oscillating Lightweight Floor Machine is great for maintenance on all types of floor surfaces. Clean, refinish, strip, sand, wax, and polish a multitude of surfaces. Spot clean carpets. Scrub outdoor walkways and decking. The possibilities are endless and the results are amazing.

FloorMac utilizes an innovative anti-vibration oscillating system that makes the machine glide almost effortlessly over the floor. Extremely user friendly and easy to control. Won't damage or leave scuff marks.

Lightweight but tough, the FloorMac is a perfect solution for large and the small areas — even stairs!

Also great for pretreating set-in grime, stains and spots on both floors and carpets in high traffic areas.

### Lightweight and user friendly.

FloorMac Oscillates smoothly using an innovative anti-vibration system that responds well and reduces operator fatigue.

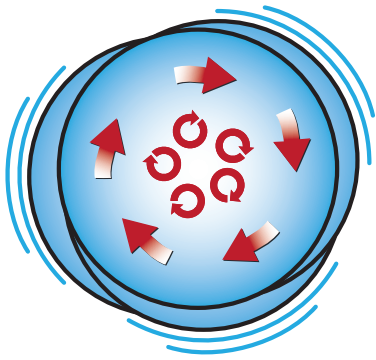

**Small, but tough.** Floormac is ideal for many types and sizes of floor surfaces — great for stairs and harder to reach areas.

SWISS MADE  
QUALITY

### Smooth Operation

Weighing in at just 29 pounds, the versatile FloorMac features an innovative anti-vibration oscillation system that makes the machine amazingly easy to control, reducing operator fatigue.

### Polishing Pads

FloorMac comes with White Polishing Pad and Microfiber Cleaning Pad. Optional Red Polishing pad is available.

### Optional Scrubbing Brushes

For areas that need more aggressive cleaning. Perfect for spot cleaning and pretreating carpets, heavily soiled spots, and stubborn set-in stains.
