

The Upright

QC-1415 Single Motor Upright Vacuum

Durable and lightweight, this upright offers the advantages of commercial vacuums at an economical price. Designed to lay flat for easy vacuuming under furniture and equipped with on-board tools to clean in hard to reach areas. THE UPRIGHT is excellent for use in hotels, schools, offices, restaurants and for many other applications.

Features:

DualOp Motor

Clean air 10 AMP hi-performance motor that provides quality cleaning performance.

Triple Filtration System

Includes totally enclosed microply® filter bag, foam exhaust guard filter and HEPA filter. Fine dust particles are captured and not exhausted back into the air.

14" Edge-To-Edge Cleaning

Equipped with a metal base plate and ball bearing metal brush roller with replacement brush strips.

Infinity Nozzle

Self adjusting, adapts to carpet height automatically as you clean.

Fail-Safe Air Relief Valve

Protects the motor automatically from heat overload.

Quick Release System

Allows for easy access to belt and brush roller. The belt is quick and simple to change with NO tools required.

Front Dust Cover

Easy to remove for quick access to the filter bag.

On-Board Tools Includes:

Stretch Hose (1.5 to 8 Ft)
Oval Dust Brush
4" Plastic Crevice Tool
19" Extension Wand
