

## EVERYONE NEEDS A LITTLE EYE CANDY

Function meets fabulous as LG rethinks every aspect of traditional dryer design. Angles are softened with streamlined contours. And instead of a panel in the back with knobs and dials, LG has designed an easy front control panel with LED Display. It's never been easier to choose the ideal setting, including the handy Wrinkle Care option when you're pressed for time. Because efficiency means as much to you as style, LG brings you 7.3 cu. ft. capacity. Plus larger loads save you time and energy. How sweet is that?
