**THE RESEARCH THAT ADVANCED OUR  
THINKING OF HOW A CHAIR NEEDS TO  
SUPPORT THE BODY LED TO:**

## **FOUR KEY DISCOVERIES**

**The spine doesn't move as a single unit.**

When you recline, your upper spine moves backward and your lower spine arches forward.

**Each individual's spinal motion is unique.**

Even for people of identical size, age, and gender, each spine moves differently.

**The upper and lower back require different amounts  
and types of support.**

Your lower back requires firm, constant support while your upper back requires more support as you recline.

**Vision and reach impact your posture.**

When you recline in traditional chairs, the distance between you and your work can increase, which in turn can strain your eyes, arms and neck.

**THESE FOUR DISCOVERIES BECAME  
THE GUIDELINES FOR DESIGNING THE  
LEAP® CHAIR AND THE FOUNDATION FOR  
THE FOLLOWING ALIVE SEATING™ PRINCIPLES.**

---

## A HEALTHIER WAY TO SIT

---

### MOVEMENT

Moving helps reduce pressure on the spine, sends oxygen to your muscles, and increases blood flow to your brain. Movement is healthy and your chair should support your body as you move.

---

### ORIENTATION

Changes in posture help you stay comfortable and more attentive. Leap seating's Natural Glide System™ enables you to comfortably recline without straining your eyes, neck, or arms.

---

### FIT

Your body is unique. You need a chair that easily adjusts to fit you, your preferences, and how you work.

---

### SUSTAINABILITY

A chair that is good for people should also be good for the environment. Every material, every stage of a Leap chair's life, is designed to respect and nurture human and environmental health. One more reason to be comfortable with Leap.

## A PERFECT FIT

WITH AN EXCEPTIONAL RANGE OF  
ADJUSTMENTS, LEAP DELIVERS FULL SUPPORT  
FOR VARIOUS BODY SHAPES AND SIZES.

**LiveBack®**  
Changes shape to mimic the  
movement of the spine.

**Adjustable Seat Depth**  
Accommodates to ensure  
long term comfort.

**Adjustable Seat Height**  
Adjusts to fit various heights.

**Adjustable Lumbar**  
Fits the curve of your lower back  
for additional support.

**Lower Back Firmness**  
Provides constant support  
to your lower back.

**Upper Back Force**  
Controls the precise amount of  
"push back" as you recline.

**Variable Back Stop**  
Sets the angle of recline  
to one of five positions.

**Adjustable Arms**  
Keep your arms, shoulders and  
neck properly aligned.

Adjust to support different arm lengths		
<b>Distance between Armrest</b>	12.75" to 20"	13" to 20"
Adjust for different torso widths		
<b>Armcap Pivot Range</b>	30°	30°
Ability to slide entire armrest in and then pivot arms		
<b>Armcap Depth Adjustment</b>	3"	3"
Ability to get close to work		
<b>Weight Capacity</b>	300 lb	500 lb

## PEOPLE. PLANET. PROFIT.

**Steelcase aspires to create enduring value for people, planet and global economies by fully leveraging all our assets, relationships and resources.**

### PEOPLE

We think about the communities where we work, live and do business – which is nearly everywhere in the world. By aligning our goals for people with our planet and profit aspirations, we're building the foundation for gains that we hope will be far-reaching and enduring.

### PLANET

By rethinking our business systems and designing our products to avoid negative impacts on humans and the environment, we contribute to a sustainable future for the planet and its people. We commit to advance our practices through continuous learning and building partnerships with our customers, business partners and environmental thought leaders to optimize our performance and contribute to the science and practice of sustainability.

### PROFIT

First and foremost, we aim to bring value by working together with our customers to create workplaces where their people love to work. It is also our responsibility to provide value to our shareholders so we can continue to reinvest in the business and generate new solutions to address customer business challenges.

**Steelcase®**

At Steelcase we bring human insight to business by studying how people work, wherever they work. Those insights can help organizations achieve a higher level of performance, by creating places that unlock the promise of their people. Our goal is to help them create spaces that support how they work. Our passion is to help them love how they work.

### GLOBAL DEALER NETWORK

With a network of over 650 experienced dealers, we can help you create high performance, sustainable workspaces, anywhere in the world. The result is local expertise with global reach.

### STEELCASE AND DEALER SERVICES

Our extensive range of workplace services can help you assess your organizations' needs and opportunities, explore workplace strategies, find the right solutions and maintain a sustainable workplace today and tomorrow.

### WARRANTY

Steelcase and your Steelcase Dealer are totally committed to providing you a great experience and great products. We back that up with one of the industry's best warranties and problem resolution process that ensure that any problems that arise get addressed quickly.

---

## LEAP IS UP TO 94% RECYCLABLE

We worked with McDonough Braungart Design Chemistry (MBDC), selecting only materials that assessed safe for human and environmental health.

Cradle to Cradle<sup>CM</sup> certified  
Indoor Advantage<sup>TM</sup> certified  
BIFMA level<sup>TM</sup> 2 certified

### LIFE CYCLE ASSESSMENT

Leap has undergone a complete Life Cycle Assessment, evaluating the chair's lifelong impact on the environment — from materials extraction through production, shipping, use, and end of life.

**Love how you work.®**
