

3M™ Portable Dispensing System

Easy, portable dispensing

with the power of  
3M™ Twist 'n Fill™ Technology

## Portable, Accurate and Reliable Dispensing

### Cleaning power where and when you need it

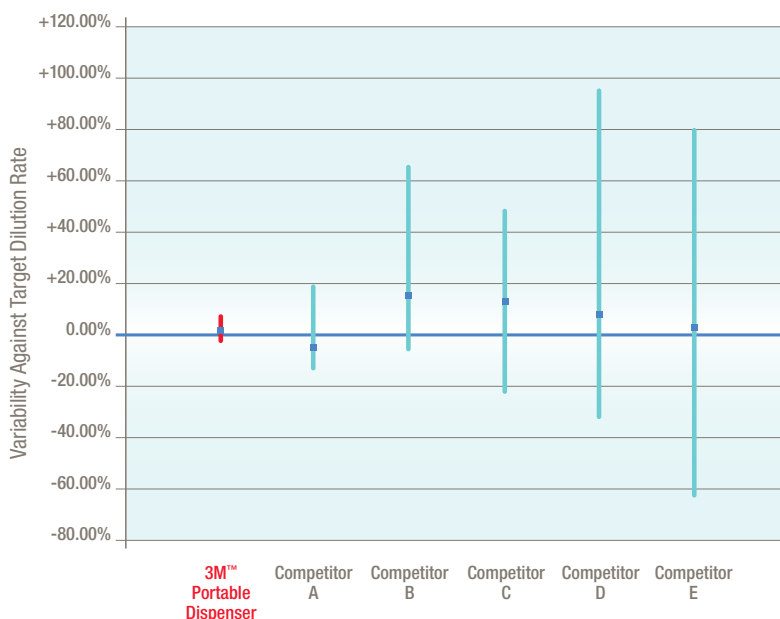

3M™ Portable Dispensing System with 3M™ Twist 'n Fill™ Technology features a reusable dispenser that provides superior mixing and dispensing accuracy. It is easy to use; simply attach the dispenser to the bottle of 3M™ concentrated cleaning chemical, connect to a water source and fill. The result is accurate, reliable mixing, so the properly mixed cleaner that you need is conveniently available.

- Reusable dispenser designed for durability and comfort
- Easy to install
- Provides remarkable mixing and dispensing accuracy
- Dispensing is controlled at a two-gallons-per-minute flow rate
- Dilution tips built into each bottle — no hassle
- Great for bottle, bucket and auto-scrubber applications
- Designed for use with 3M™ portable cleaners and disinfectants
- A material safety data sheet (MSDS) and label is available for each concentrate and diluted, ready-to-use cleaner

The reusable 3M™ Portable Dispenser with 3M™ Twist 'n Fill™ Technology P10.

### Dilution Accuracy of 3M™ Portable Dispensing System (dispensers tested over a water pressure range of 20–120 psi)

The range of variability of 3M™ Portable Dispensing System is more than **2 times as accurate** as the nearest competitor.

# 3M™ Portable Dispensing System with 3M™ Twist 'n Fill™ Technology

## Putting effective cleaning and convenience in your hands

For years, 3M™ Twist 'n Fill™ Cleaning Chemical Management System has provided industry-leading, automated dispensing and mixing, along with top-performing cleaning chemicals. This has meant easy mixing, less waste, simple chemical storage, remarkable cleaning results and potential long-term savings.

Now 3M™ Portable Dispensing System with 3M™ Twist 'n Fill™ Technology gives you the same trusted performance with added convenience. The portable, reusable dispenser and easy-to-handle chemical containers allow you to dispense and mix cleaning chemicals where and when you need them. With the valuable benefits of our 3M™ cleaning chemical concentrates, the portable dispensing system can make cleaning even more flexible, efficient and effective.

# 3M™ Portable Chemical Concentrates

1P

Dilution tips are built into each bottle to help provide accurate dispensing—no hassle.

## Consistent Performance

3M™ Portable Chemical Concentrate products are the same chemistry as concentrates used with the 3M™ Twist 'n Fill™ Dispensing System for consistent performance.

## A Greener Way to Clean

3M™ Portable Dispensing System with 3M™ Twist 'n Fill™ Technology is part of 3M's efforts to provide innovative, cost-effective cleaning solutions that help protect facilities and people while helping to create clean, safe and comfortable environments. It is lightweight and reusable, for reduced environmental impact. The Cleaning and Disinfecting Chemical concentrates used with the 3M™ Portable Dispenser are highly concentrated to maximize value and reduce packaging. They are designed to be used with cold water instead of hot, reducing energy use and helping to prevent a scalding hazard. Furthermore, 3M™ Glass Cleaner Concentrate No. 1P, 3M™ Neutral Cleaner Concentrate No. 3P, and 3M™ General Purpose Cleaner Concentrate No. 8P are Green Seal™ Certified. Green Seal™ is a third party, not for profit, organization that certifies products based on their reduced impact to human health and the environment.

## Interested in an Environmentally Sustainable Approach to Cleaning?

### 3M<sup>SM</sup> Cleaned Green Program — Simple steps to a clean future

The 3M<sup>SM</sup> Cleaned Green Program provides you with the tools you need to implement a successful, sustainable cleaning program, including:

- Products, procedures and global technical support
- The 3M™ SMART (Service, Maintenance, Analysis, Resources and Training) Training Tools, a comprehensive productivity and training program
- Internal and external communications materials such as window clings, posters and recognition certificates
- Benchmarking self-assessment forms

**Safety Reminder:** Please make sure all employees and potential users of this product read and fully understand the product label and material safety data sheet (MSDS) before use. All users should be familiar with the directions for use, precautionary statements and appropriate PPE and first aid procedures. MSDS and other supporting literature are available online at [3M.com/MSDS](http://3M.com/MSDS) and [3M.com/building](http://3M.com/building).

**Technical Information:** The technical information, recommendations and other statements contained in this document are based upon tests or experience that 3M believes are reliable, but the accuracy or completeness of such information is not guaranteed.

**Product Use:** Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the use and performance of a 3M product in a particular application. Given the variety of factors that can affect the use and performance of a 3M product, user is solely responsible for evaluating the 3M product and determining whether it is fit for user's particular purpose and suitable for user's method of application.

**Warranty and Limited Remedy:** 3M warrants that each 3M product will be free from defects in material and manufacture for 90 days from the date of purchase from 3M's authorized distributor. 3M MAKES NO OTHER EXPRESS OR IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. If a 3M product does not conform to this warranty, the sole and exclusive remedy is, at 3M's option, replacement of the 3M product or refund of the purchase price.

**Limitation of Liability:** Except where prohibited by law, 3M will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted.
