# ANY WALL

## FLAT TO WALL TV MOUNT

Choose the EXACT position for your TV. Because Unimax mounts are super-strong even on plaster board alone, you are no longer restricted to using the wall stud locations. The ZML2500 is easy to install and can position a TV as close as 11.5mm off the wall. This mount also features post install levelling and has a secure lock and release mechanism for extra security. The product comes with fixings for all wall types and has a lifetime guarantee.
