

Regal Shelving Specifications

Materials: Regal Shelves as well as all Tennsco products are fabricated of high quality, cold rolled carbon steel, free of scale or rust and fully pickled. Exposed edges, corners and surface areas are free of sharp edges and all workmanship is of the highest quality as measured by the industry.

Finish: All steel components shall be thoroughly cleaned and phosphatized for rust resistance in a five-stage pre-treatment process. A high grade of polyester/epoxy powder paint is to be applied electrostatically with a gloss reading of between 55 and

65. The finish shall have a salt spray rating of 250 hours or more.

Upright: 18 gauge formed upright post with 18 gauge spacer (uprights are open style)

Shelf Support: 14 gauge steel formed from coil 1 1/8" high formed channel with 4 shoulder rivets per support.

Printed Vinyl clad 5/8 Particle Board: Printed on one side.
