

DESIRON

## CARE INSTRUCTIONS

Thank you for your purchase with DESIRON. Every piece of DESIRON's furniture is hand crafted from the finest materials to create a unique yet durable finished product. In order to maintain the natural beauty of your furniture, please follow the simple care instructions provided below. We suggest the use of coasters, trivets, and placemats on all surfaces. Spills should be wiped up immediately and not allowed to stand.

### Wood Surfaces

Our wood furniture is sealed with a low-sheen polyurethane, which protects it against minor spills, scratches and daily usage. The nature of wood is that it is a soft, sculptural material that will be susceptible to damage unless treated with care. For daily cleaning, use a lightly dampened sponge or soft cotton cloth. To protect the finish do not use wood polishes such as Pledge or Endust. On occasion, you can use oil soap, diluted with water, as directed on bottle.

### Stainless Steel Surfaces

Stainless steel is best treated with stainless steel cleaners which can be found at any hardware store. Apply with a soft cloth to minimize friction or abrasion. For daily cleaning use a soft, damp cloth.

### Rust Steel Surfaces

For daily cleaning use a soft, damp cloth. On occasion, you can use oil soap, diluted with water, as directed on bottle.

### Upholstery

- **Microsuede - 100% Polyester Microfiber (30,000 Double Rubs)**  
Cleaning Code S/W. Cleaning: To prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is recommended. Spot clean with a mild solvent, an upholstery shampoo or the foam from a mild detergent – test in hidden area first. When using a solvent or dry cleaning product, follow instructions carefully and clean only in a well ventilated room. Avoid any product which is highly toxic. With either method, pretest a small area before proceeding. Use a professional furniture cleaning service when an overall soiled condition has been reached.
- **Pebble - Face: Polyurethane (PU); Back: Sueded Polyester (250,000 Double Rubs)**  
Cleaning Code S/W. Cleaning: Easily cleaned with a micro-fiber cloth, mild detergent-free soap and warm water. Spot clean with a mild solvent, an upholstery shampoo or the foam from a mild detergent – test in hidden area first. To prevent overall soiling, frequent vacuuming or light dusting to remove dirt and grime is recommended.
