About Us	68 - 69

From grammar school to graduate school, young people today live large and play hard. Life is all about connecting, hanging out with friends, gaming, texting and having the world at your fingertips through the click of a mouse.

Opus Designs by Hooker Furniture captures the spirit of youthfulness with well-styled bedroom furnishings geared toward a fun-loving lifestyle.

Electronics-friendly furnishings accommodate up to 50-inch TVs, some of our nightstands include three-prong electrical outlets and desks offer wire management and drop-down drawers for lap top computers. Compact storage for under, beside and above some beds, along with dressers, shelves and chests, maximize storage space to keep everything organized.

Opus Designs offers flexibility and smart function in furnishings. Our designs have the durability to withstand pillow fights and wrestling matches while creating an uplifting environment to inspire young dreams.

Our styles are fresh originals that are sophisticated enough to move with your child from grade school to middle school to high school to college, and even help furnish that first apartment.

Design Details

All drawers include full extension metal ball bearing side guides for smooth and easy operation and drawer stability.

Reinforcement blocks are added to drawer corners. Drawers 20 inches and over have additional center support for durability.

Five sided wood drawer construction with English or French dovetails on most drawers assure quality and maximize storage space.

All beds feature hi-low bed locking system to accommodate under bed storage and sleep options. Beds also have thick side rails to provide strength and durability.

A 14-piece slat roll mattress support system is standard on all beds, providing a firmer and more comfortable sleeping surface and prolonging mattress life.

Beveled edges adorn each of our mirrors for that extra touch of quality.

Each Opus Design has a unique multi-step finish process to provide years of beautiful protection.

Many of our furniture items are constructed of hardwood solids and veneers over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

Safety First

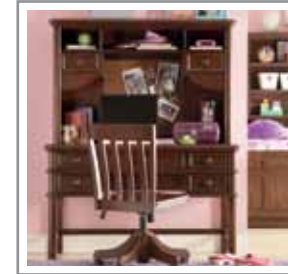

Opus Designs youth furniture meets tip over safety standards set by the American Standard Testing and Materials (ASTM). Opus Designs finishes and paints are tested and comply with content requirements of the Consumer Product Safety Commission.

TAHOE ruggedly handsome, the rustic casual Tahoe collection offers a warm brown finish that will bring relaxed comfort to boy's rooms of all ages. The heavily distressed, rustic finish on pine solids and pine veneers and the soft edges on all case pieces give Tahoe wear and tear toughness. Friendliness to electronics and generous storage are uppermost considerations for Tahoe. There is an entertainment console at the perfect height for your flat screen TV, with a handy drop-front drawer for storing gaming systems when not in use. The armoire can accommodate up to a 27-inch TV and even has cork board on the door interiors for posting reminders and favorite photos.

TREVERTON a dark merlot finish over hardwood solids and oak veneers gives Treverton depth and richness of color and grain, and a raised diamond motif and gun metal pewter hardware add fun points of interest. Treverton is media-friendly with two options: a media chest/dresser with seven drawers, and an entertainment console with three drawers, both with cord management and storage for gaming systems, tapes and components. For more information see our visual index on page 65.

Lily

Hardwood solids and veneers

Express yourself with color and personalize your room with Lily. This fresh and relevant bedroom collection gives you the freedom to use color to create a bedroom in an endless array of color schemes to reflect your personality. Offered in a clean eggshell white finish, Lily features removable color accent panels on case fronts and beds. Four color panels, each with two color options for a total of eight color choices, are stored inside the drawer fronts. Simply remove the knob and you can slide the panels in and out to create an array of color schemes. Mix and match the colors of midnight, snowflake, limelight, blue ice, cocoa, lavender blush, sea breeze and bubblegum. Lily's functional pieces include a corner desk and hutch that can be bunched with two twin beds, an entertainment chest, vanity tower set and a storage bed.

ABOUT US

At Hooker Furniture, our mission is to enrich the lives of the people we touch through innovative home furnishings of exceptional value.

The core values we stand for as a company are:

- | | |
|-------------|----------------|
| Integrity | Listening |
| Caring | Innovation |
| Service | Responsibility |
| Citizenship | Honesty |

From our beginning in 1924 in Martinsville, Virginia, founder J. Clyde Hooker Sr. set a tone of doing business with a personal and caring touch while displaying integrity in the company's relationships with employees, customers, sales representatives and suppliers. Two generations later, we've kept that "small town, small company" style while growing to become one of the premier furniture companies in the world.

For many years, Hooker Furniture has specialized in lifestyle-driven furnishings such as entertainment centers, home theater units, home office furniture, accents, casual dining, bedroom and designer sink cabinets for the bathroom. The company is known for its leadership in offering the highest quality furniture at the medium-to-upper-medium price levels.

When purchasing Hooker Furniture products, you can have peace of mind that you're choosing furnishings of enduring quality. We're committed to assuring superior quality through selection of materials and lumber, product design and engineering and by standing behind our products through customer service.

On behalf of future generations, Hooker Furniture commits to be a good steward of the environment through sustainable business practices that help preserve the earth's beauty and resources.

OUR ENVIRONMENTAL STEWARDSHIP

Hooker Furniture strives to make the world a better place to live through leadership in all of our business practices, including our commitment to environmental stewardship.

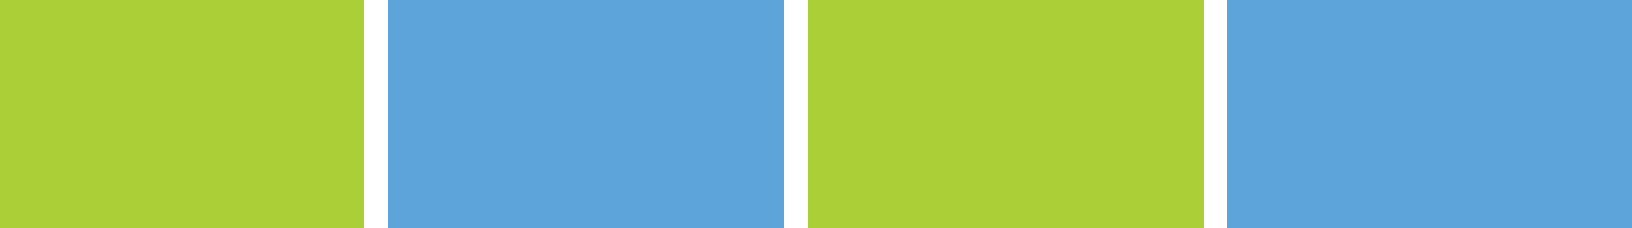

Our specific environmental practices include:

- The reduction of air and greenhouse gas emissions
- Utilizing alternative fuels for a cleaner environment
- Conservation of natural resources including energy and water
- Recycling and using recycled materials
- The responsible harvesting of lumber
- Leadership in community service and education to enable our communities to learn and work toward a cleaner and healthier place to live.

All 11 of Hooker Furniture's U.S. facilities have been certified by the American Home Furnishings Alliance (AHFA) with EFEC registration. EFEC- "Enhancing Furniture's Environmental Culture" - is a voluntary environmental management and best practices program created by AHFA for the furniture industry. Hooker's EFEC-registered facilities include the corporate office, central distribution center, secondary distribution center and customer support center in Martinsville, Va.; four manufacturing plants, a distribution center and the offices of Cherryville, N.C.-based Bradington-Young and one manufacturing plant/office for Bedford, Va.-based Sam Moore. The AHFA also recognized our company with an Environmental Excellence Award for demonstrating excellence in managing corporate environmental programs.
