Rectangular Firewood Rack With Newspaper and Kindling Holder

**Enclume hearth racks are the ultimate in
Quality, design, strength and function.
Congratulations for owning one of the finest
Storage racks made.**

**WARNING:
READ ALL OF THE INSTRUCTIONS
BEFORE ASSEMBLING AND USING
YOUR RACK.**

Enclosed you will find everything needed for the assembly and use of your hearth rack. Two people make assembly easier. The parts and hardware included are:

- | | |
|-----------------------------|-----------------------------------|
| 2 – Rectangular body pieces | 4 – Hard floor glide |
| 2 – Kindling holders | 8 -3/8" x 5/8" Button head screws |
| 2 – Legs | 2 -3/8" x 1/2" Button head screws |
| 2 – Newspaper holders | 1 -7/32" Allen Wrench |

ASSEMBLY INSTRUCTIONS

- 1) Slip the floor glides over the leg ends.
- 2) Place the legs on the floor about 9" apart and align the two rectangular body pieces over them. Be sure the holes on each piece which will attach the kindling holders are at the same end.
- 3) Using the Allen wrench and four 5/8" button head screws, attach the legs to the rack body. Leave the screws loose. Square up the rack and firmly tighten the screws.
- 4) Attach the two newspaper holders. The screws which attach the holders to the base should be inserted from the outside of the body through to the inside, so that the heads of the screws are showing on the outside of the rack.
- 5) Screw the two kindling holders to the outside of the uprights using the two 1/2" button head screws.
- 6) To clean your firewood rack, use a damp cloth and dry thoroughly. If a touch-up is ever necessary, rub the area with a wax-product such as "Pledge."

It is important that your rack is assembled correctly. If the unit is assembled or used incorrectly, it could become unstable and collapse, possibly causing injury.
