

green HIGHLIGHTS

Our furniture contains **no PVC** and it is **tested for harmful** substances.

All our furniture is **PEFC certified** and carries the **Indoor Climate Label**.

Minimum **25% recycled wood** in our chipboard.

Wasted chipboard is **recycled** in new boards or used for **CO2 neutral heating**.

34% of our total energy consumption is **CO2 neutral**.

We recycle paper and use **FSC or PEFC certified paper** only.

Our cardboard packaging consists of **98% recycled materials**.

We sort all used plastic and cardboard for **recycling** purposes.

We observe international **safety requirements**.

certified CARE

Based in Denmark, Tvilum is one of Europe's leading RTA furniture manufacturers with a sharp focus on the environment. Through each stage of the production process, we make sure our materials and methods are sustainable and meet the highest standards of safety - and we document our efforts.
