## Magnum 4202

Northern lights. Crafted by hand in Finland, Secto Design Oy lamps are an elegant study in Scandinavian simplicity. Light radiates through slats of birch in architect Seppo Koho's designs, true to his credo that "light should softly invite people to come closer."

An oversized version of Secto's classic 4200 model, the Magnum 4202 is a graceful lighting solution for large, open spaces and rooms with high ceilings.
