

Secto Design

Puncto 4203

Northern lights. Crafted by hand in Finland, Secto Design Oy lamps are an elegant study in Scandinavian simplicity. Light radiates through slats of birch in architect Seppo Koho's designs, true to his credo that "light should softly invite people to come closer."

With an arresting shape that at once evokes shade and flares, the Puncto 4203 is a strong, sculptural light source designed especially for low spaces. Atop a dining table, it's sure to spark conversation.
