

# Adjustable Standoff

Shown approx. 15% actual size.

**DESCRIPTION**

The adjustable standoff's cable virtually disappears for a clean and elegant look. It is best used on fairly straight runs with a drop greater than 6". A wire grip allows you to easily shorten or lengthen the cable to size it for use. Standard with 12' of field-cutttable suspension cable; may also be specified with 30' of cable.

Use standoff supports every three feet of Two-Circuit MonoRail run and at corners. Standoffs can be positioned to cover points where rails are joined.

**FINISH**

Antique bronze, chrome, satin nickel.

**WEIGHT**

0.25 lb./0.11 kg. ±

**ORDERING INFORMATION**
