Cleaning Code Definitions

- C: Crypton Cleaning – Generally stains are removed with plain water and powdered enzyme detergent. Upholstery foam shampoo, water-based cleaning products and germicidal detergents can be used. Be sure to remove all residue from cleaning products with clean water. Do not use solvent-based cleaners or dry cleaning products. For the best cleaning solution, use CRYPTON UPHOLSTERY CLEANER.
- W: Water-based cleaning agents or foam may be used.
- WS: Clean with water-based cleaning agents, foam or pure, water-free solvents. Vacuuming or light brushing is recommended to prevent dust and soil build up.

PERMABLOK^{3®} Care and cleaning for Kilkenny Tweed & Renaissance:

- Step 1:** (eye shadow, mascara, grease, black felt tip pen, crayon, chocolate, and suntan lotion): Remove excess spill with a damp cloth. Clean with a 1:1 mix of Ivory® liquid and water. Next, rinse with clean water and dry.
- Step 2:** (red lipstick): Use a straight application of concentrated cleaners such as Formula 409® or Fantastik® spray cleaner. Wipe with a clean cloth.
- Step 3:** (blood, urine, feces, oil base paint, tar, and asphalt): Use a 1:1 mix of ammonia and water, or a 1:4 mix of bleach and water. Rinse with clean water and dry.
- Step 4:** (all other tough stains): Use a straight application of naphtha (lighter fluid). Rinse thoroughly with clean water and pat surface dry.
- Step 5:** (all other tough stains): Use a 1:1 mix of isopropyl alcohol and water. If the stain persists, use straight alcohol. Rinse thoroughly with clean water and pat dry.
- Note:** For cleaning that requires step 4 or 5, use a soft cotton cloth saturated with the cleaning material and rub the stain in circles 10 times. Pat dry with another soft cloth and check the results.

The information published in this care guide refers to the performance of PERMABLOK^{3®} products in specific tests conducted under laboratory conditions. Results may vary under actual conditions.

This information is not a guarantee and does not relieve the user from the responsibility of the proper and safe use of the product and all cleaning agents. The use of certain agents can be harmful to the surface appearance and lifespan of vinyl. *Spradling*, it's agents and assigns assume no responsibility resulting from the use of such cleaning agents to the vinyl.
