**CounterMax MX-X12-LX 4-Light Xenon Starter Kit**

Strength, durability and beautiful finish are features that set the CounterMax MX-X12-LX Series apart with its extruded aluminum housing. These xenon under cabinet lights conceal long-lasting, low-voltage Xelogen bulbs that distribute a crisp bright light. Hinged tops allow for convenient bulb replacement, and push-in wire connectors in the junction box make either direct wire or plug-in installation quick and simple.
