Fixture Type:

Part Number:

V/A KIT 300

Description:

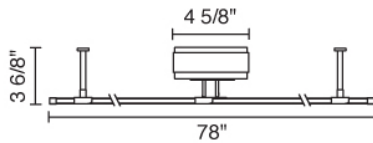

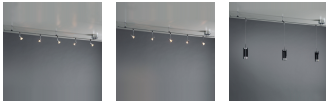

The V/A Kit 300 utilizes Bruck's versatile V/A track system. Uses two 39" tracks join together to form a straight 78" connection. The power feed canopy is designed to give users the flexibility to center it on the track, or at an offset with supports. This is available in bronze, chrome, and matte chrome plating.

Part Numbers:

360300bz	bronze
360300ch	chrome
360300mc	matte chrome

Technical Specs:

120V AC, 50/60Hz input
11.7V AC output
300VA, 298W for 6 (maximum 50 Watt lamp)
280VA, 278W for 8 (maximum 35 Watt lamp)
