## STEP 1

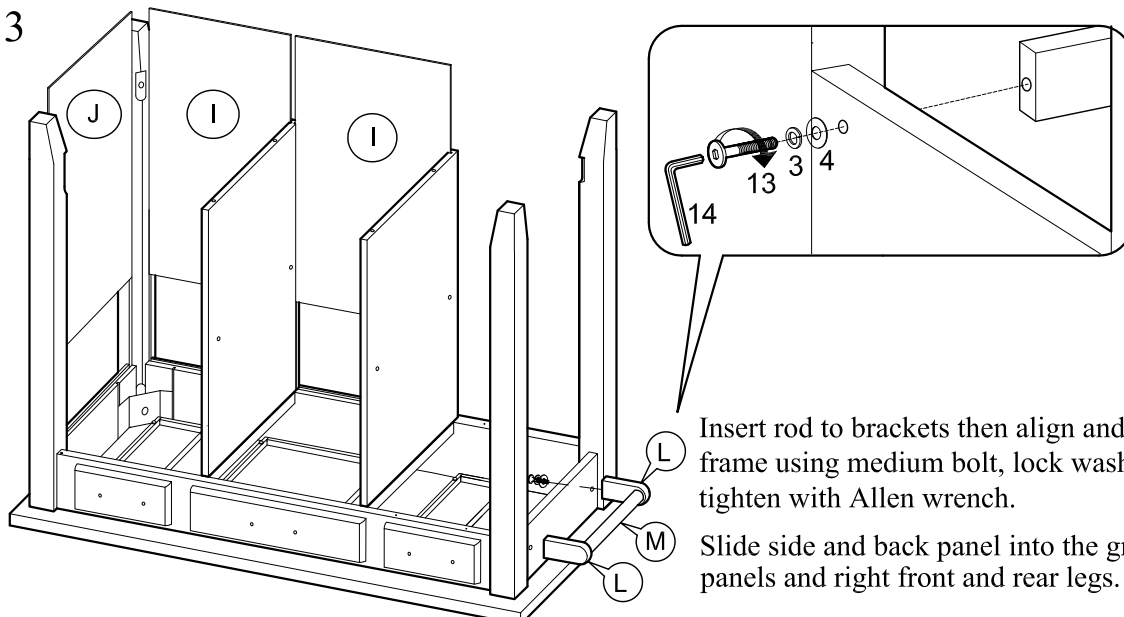

Place the top frame upside down on soft surface. Align and fasten left, right front and right rear legs to top frame using short bolt, lock washer and flat washer and tighten with Allen wrench.

## STEP 2

Screw in cam bolt to top frame using screw driver (Not Included) as shown in the diagram. Align the cam bolt with pre-drilled holes on left and right divider then insert cam nut into pre-drilled holes on the left and right divider and tighten with screw driver (Not Included) as shown in the diagram.

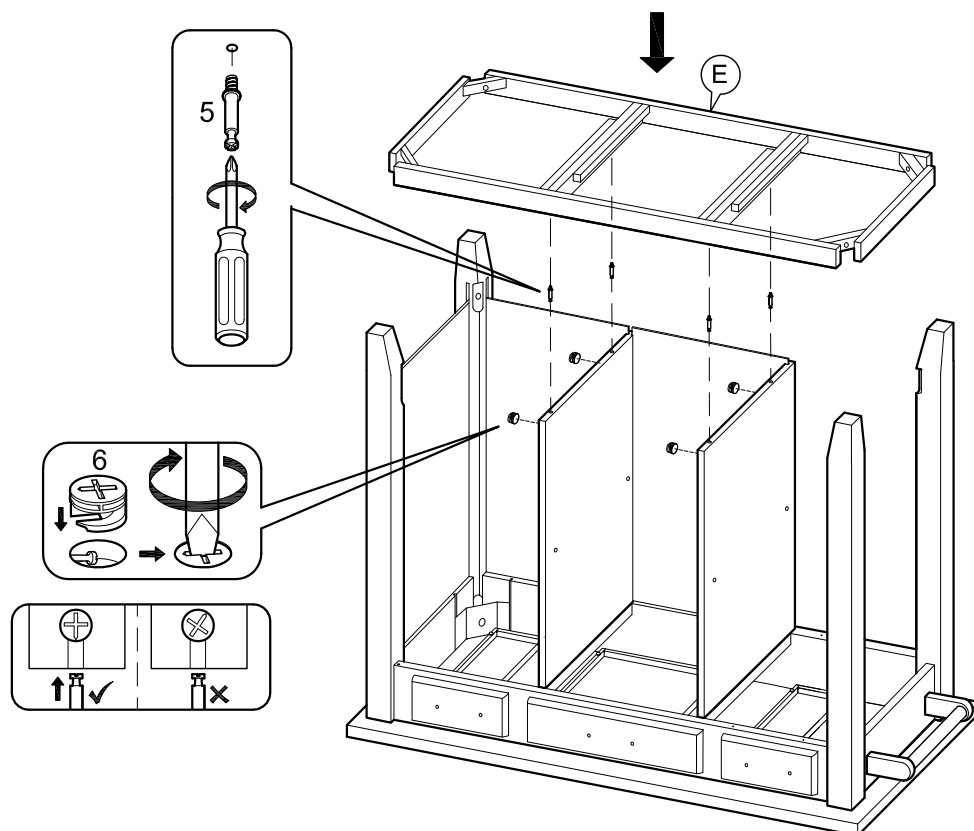

## STEP 3

Insert rod to brackets then align and fasten brackets to top frame using medium bolt, lock washer and flat washer and tighten with Allen wrench.

Slide side and back panel into the groove on left and right panels and right front and rear legs.

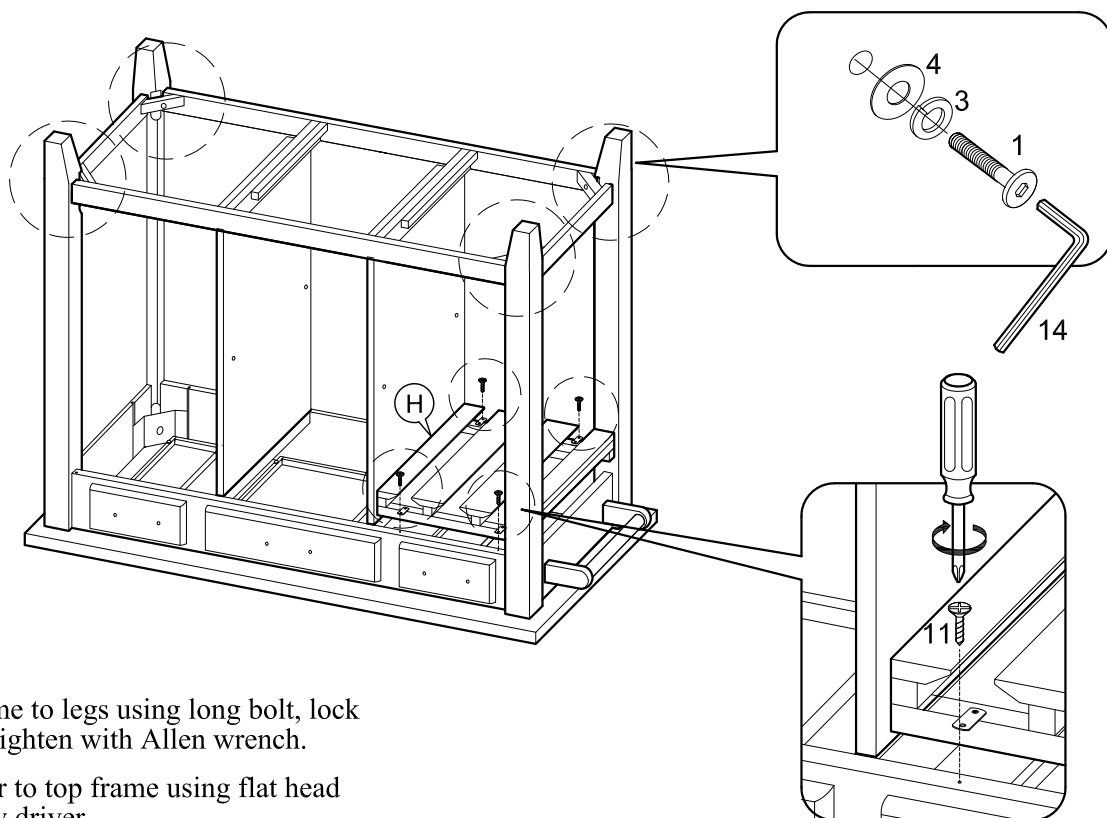

**STEP 4**

Screw in cam bolt to bottom frame using screw driver (Not Included).

Align cam bolt on bottom frame with pre-drilled hole on left and right divider then insert cam nut into pre-drilled holes on left and right divider and tighten with screw driver (Not Included) as shown in the diagram .

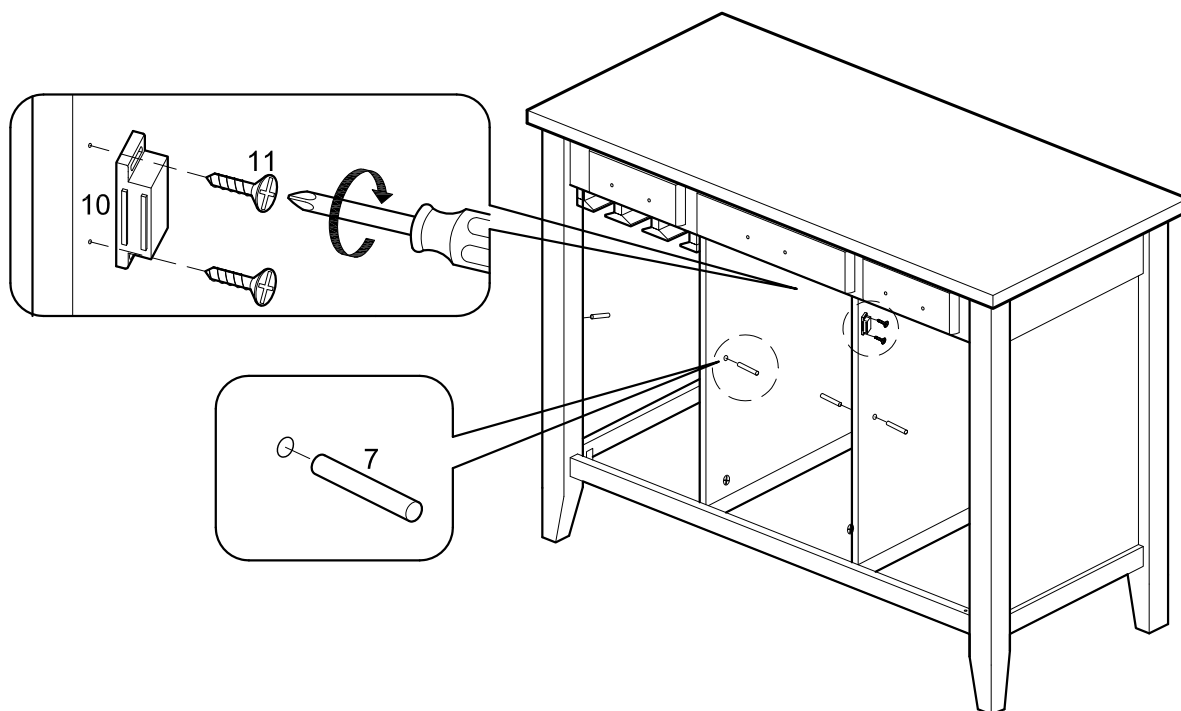

**STEP 5**

Align and fasten bottom frame to legs using long bolt, lock washer and flat washer and tighten with Allen wrench.

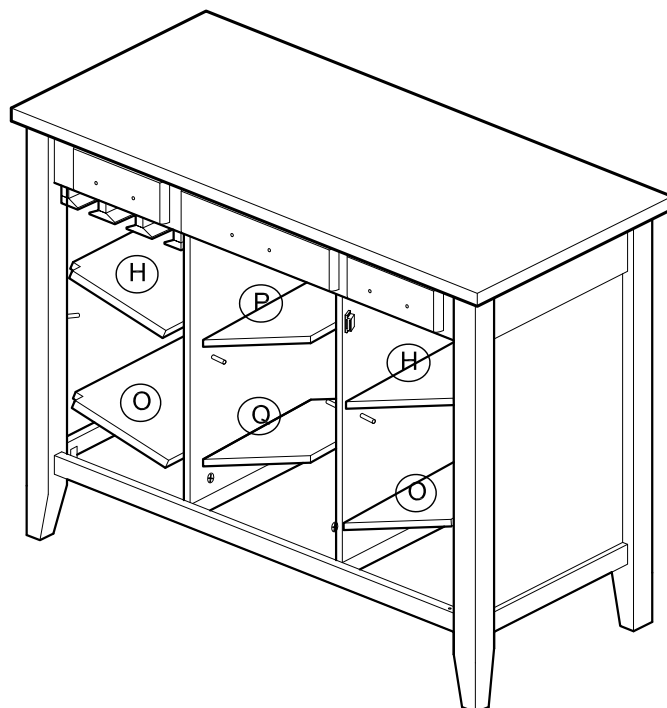

Align and fasten glass holder to top frame using flat head screw and tighten with screw driver.

**STEP 6**

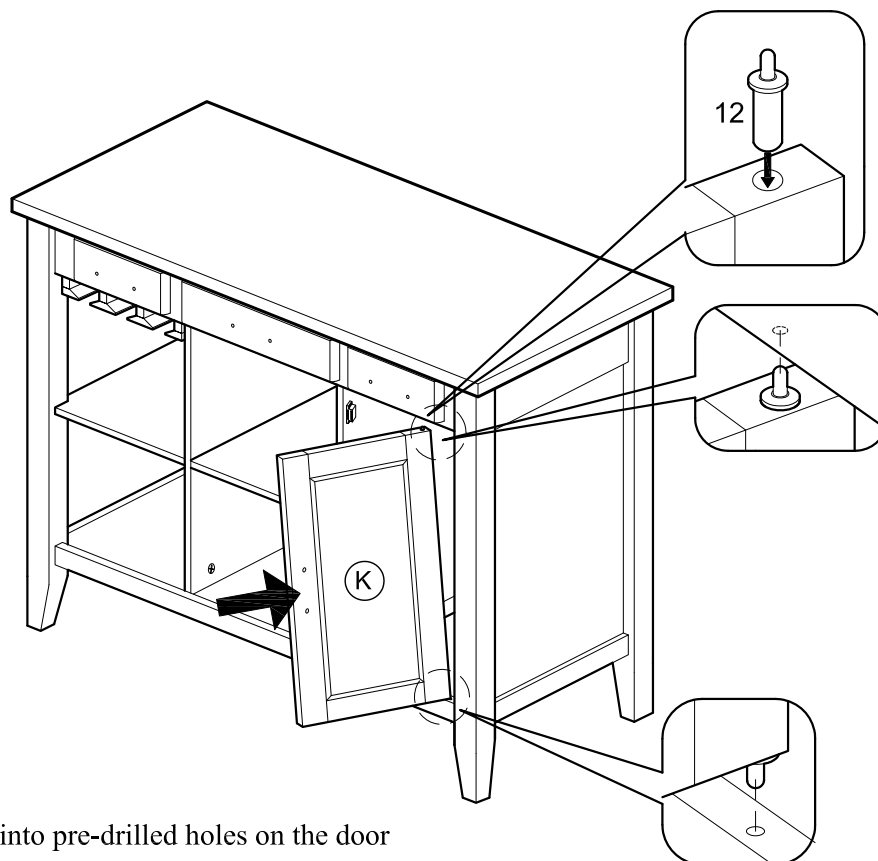

Align and fasten magnetic catch to right divider using flat head screw. Insert shelf support to left and right divider and left legs.

**STEP 7**

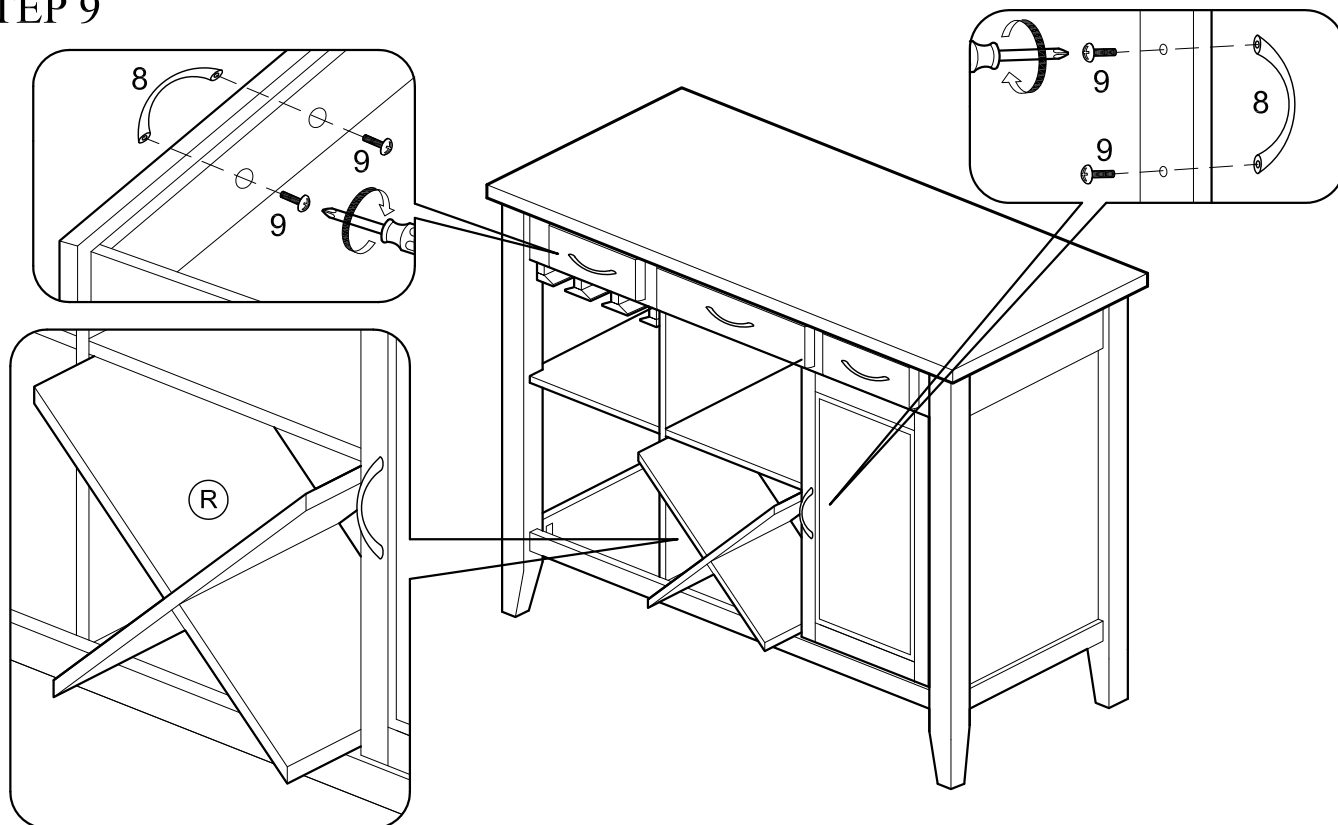

Place all the shelves onto shelf support as shown in the diagram.

**STEP 8**

Insert plastic door spring into pre-drilled holes on the door then into the pre-drilled holes on top and bottom frame.

**STEP 9**

Align and fasten pull to drawer and door using pull screw.  
Assemble the wine rack panels together then place into the server as shown.
