**E20051-10  
Nucleus 1-Light Pendant**

Circle meets the square in this contemporary pendant. The sophisticated design of the double layer glass shade speaks volumes as to the truth of less equaling more. Clear-glass spheres define the unique profile of this exquisite kitchen island/ billiard application. And nestled inside each sphere is an Inner cube of opal glass which holds a 20w Xenon light source, secured by a chrome lamp holder and a satin nickel frame.
