

1A Parts in this box.

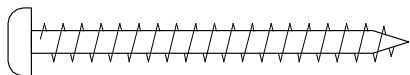

Mirror x 1

Mounting Rails x 2

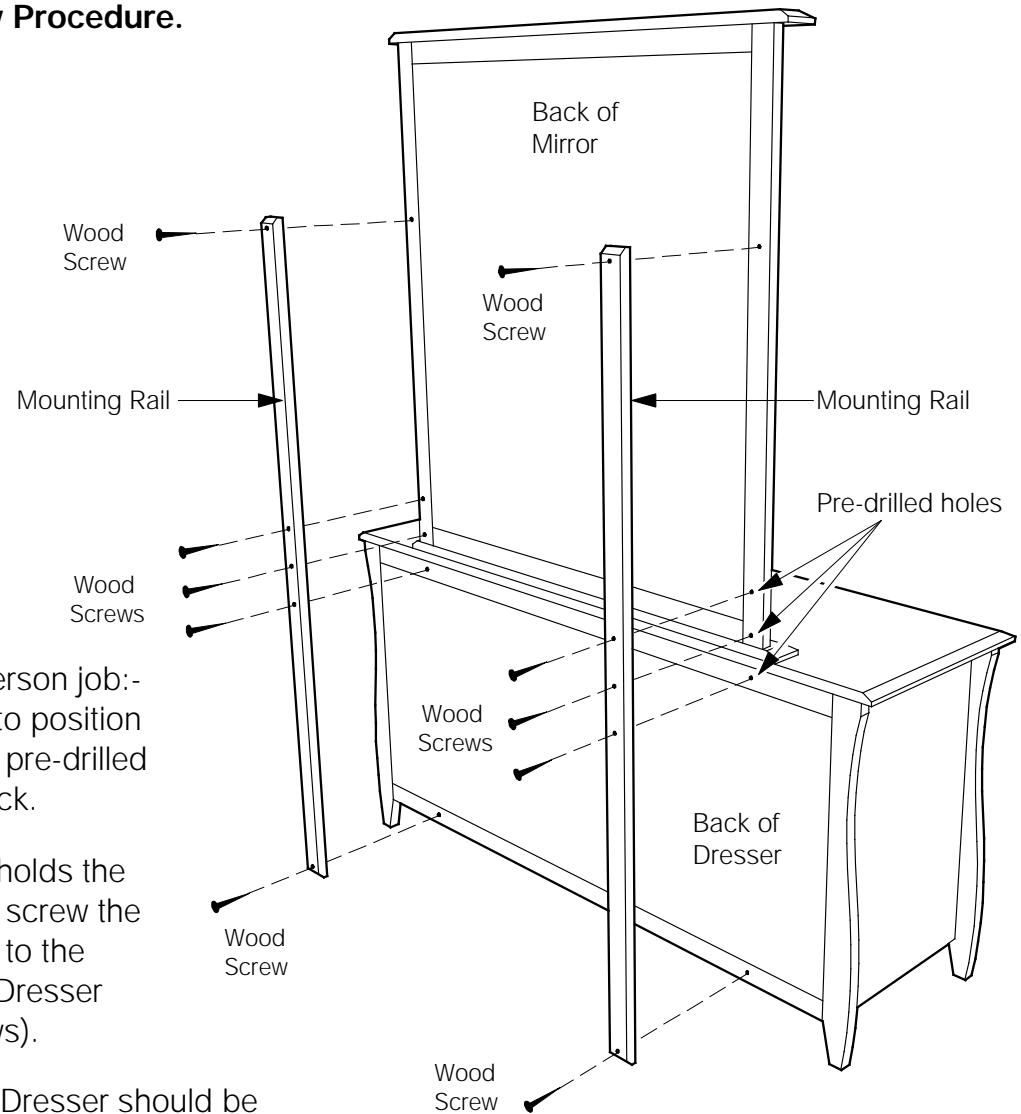

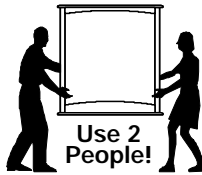

1B Hardware in this box.

Wood Screws x 10

2 Assembly Procedure.

Please Note:

This is a two person job:- lift the Mirror into position and line up the pre-drilled holes at the back.

While a helper holds the Mirror in place, screw the Mounting Rails to the Mirror and the Dresser Back (10 screws).

Afterwards the Dresser should be placed against a wall for support.
