Chimney Rock

Features

In handsome 4" solid hickory, the Chimney Rock collection is inviting and warm. A head turner, it offers styles that warm up a room with dramatic texture and color.

Three rich colors are full of character, depth, and highlights that play up the exciting contrasts of the hickory grain.

141 Prairie—An antique, blackened effect sets off undertones of rich sorrel.

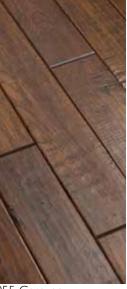

229 Trail—Golden, mellow blonde makes a striking contrast to the cascading grain.

955 Caravan—A warm, medium brown is punctuated by the grain's active movement.
