Olde Mill Maple — SW185

The magnificent look of beautiful reclaimed wood. Authentically hand-sanded and distressed, it could have been the floor of a prosperous old mill from your grandfather's day.

Specifications

style	Olde Mill Maple SW185
construction	engineered
thickness	1/2"
length	random from 10" to 42"
width	3"
species	maple

installation method	nail/glue

All woods are affected by light. Some exotic species will darken over a period of time when exposed to natural and artificial light sources. Some wood species darken at a faster rate than others. This is a natural characteristic of wood and does not constitute any type of product defect.

Key Selling Features

This Shaw hardwood is warranted that the face surface of this product will not peel off or wear through for 25 years from the date of purchase.

This Shaw product can be installed above, on or below ground level.

Shaw hardwood is labeled with a Color Variation Rating to distinguish the degree of color variation within each box of flooring and between several boxes of the same color. This hardwood is rated CV3 High with high color variation within each box. It is imperative that hardwood planks from various cartons be continually blended during installation to insure optimum appearance.

This Shaw hardwood is protected by DuraShield™ finish, which provides superior wear resistance and lasts up to seven times longer than conventional UV cured urethane.

This Shaw product is made in the USA.
