Symphonic is a **stunning**, 3/8" thick **engineered** hardwood style produced with **oak** veneers in six **lustrous** colorations.

SHAW GREEN INITIATIVE™ | 009

Product Description

Symphonic is a stunning 3/8" thick engineered hardwood style produced with red oak veneers in six lustrous colorations. Available in 3 1/4" and 5" wide plank construction, it features microbeveled edges and ends and a beautiful furniture finish that highlights the oak's natural graining patterns. Additionally, Symphonic is protected by Shaw's extraordinary DuraShield™ finish providing superior wear resistance and stain protection. Symphonic can be installed on all grades, in any climate and up to 70% faster than conventional hardwood flooring.

SHAW GREEN EDGE™

Epic's 3/8" thick hardwood products use approximately 50% less newly forested wood in their production than conventional 3/8" engineered alternatives. **That's the Shaw Green Edge |**

Note: All woods are affected by light. Some exotic species will darken while other species will tend to lighten over a period of time when exposed to natural and artificial light sources. Some wood species darken and/or lighten at a faster rate than others. This is a natural characteristic of wood and does not constitute any type of product defect.

GLUELESS ENGINEERED CONSTRUCTION

Aluminum oxide enriched DuraShield™ finish
