SHAW GREEN INITIATIVE™ | 009

### Product Description

Windsor, a beautiful 3/8" thick Epic hardwood flooring features natural walnut veneers in both 3 1/4" and 5" wide planks. Its precision milled microbeveled edges and ends added to an extraordinary full-filled furniture finish accentuate the natural beauty of the walnut species. Protected by Shaw's premium DuraShield™ finish, this product carries a limited Lifetime warranty, can be installed below grade and installs up to 70% faster than conventional hardwood flooring.

### SHAW GREEN EDGE™

Epic's 3/8" thick hardwood products use approximately 50% less newly forested wood in their production than conventional 3/8" engineered alternatives. **That's the Shaw Green Edge |**

Note: All woods are affected by light. Some exotic species will darken while other species will tend to lighten over a period of time when exposed to natural and artificial light sources. Some wood species darken and/or lighten at a faster rate than others. This is a natural characteristic of wood and does not constitute any type of product defect.

### GLUELESS ENGINEERED CONSTRUCTION

Aluminum oxide enriched DuraShield™ finish

Premium hardwood veneer

**EnviroCore™** – densely compressed wood fibers fusion bonded in a non-directional construction providing unsurpassed structural integrity, impact resistance and moisture tolerance

Balancing hardwood backing

### SHAW GREEN INITIATIVE™ | 009

Epic's hardwoods in oak, ash, hickory or walnut are warranted to be installed over approved radiant heated subfloors when using approved methods of installation.
