- Optional In-Ceiling Trim Kits for all sizes available
- Shipped fully assembled ready to plug & play with installation kit containing bracket, wall screws and bubble level

CineTension2 Series

Fixed Frame Screens

Our Commitment-2 Year Manufacturer's Warranty which is double the industry standard

Standard IR & RF remotes and built-In Infrared & Radio Frequency Receivers support your Screens On-wall or In-Ceiling application for a clean appearance. A Low Voltage Controller (LVC) is included with **5-12V trigger port (RJ45)** that can be connected to your projector Trigger port. This enables synchronization between the drop/rise cycle of your screen and the power cycle of the projector. You could extend this port using a standard RJ45 connector and **CAT-5 cable** to anywhere in the room. Or mount your Wall-switch like a regular light Switch.

Extra **Eye IR Receiver** can be extended when screen is recessed into ceiling and can still be controlled with your IR remote or Universal Learning Remote Control.

Optional Control Accessories: 1. Wireless (RF) 5-12V Trigger, 2. In-Wall Wireless RF 3-Way Wall Switch. 3. In-Wall 3-Way Wire wall switch (CAT5 Ethernet cable) 4. CAT5 50 feet cable (F to M) for extending the IR receiver or 3-Way Wall Box 5.Elite ZR800D Universal Learning Remote Control

Portable Screens

CineTension2 Series screens are available with up to 30" seamless top masking borders on select models. This is ideal for recessed ceiling installations using our **Optional In-Ceiling Trim kit**. The vertical drop/rise position is pre-set for optimum visibility but is adjustable to suit your various needs. Please contact our Tech-support for more information about this feature.

Standard Wall / Ceiling **Sliding Brackets**, make it easier to mount on Studs. Optional 11" x 4" and 12" x 8" L brackets can allow more flexibility when installing the screen away from walls. Please contact your reseller or visit shop.elitescreens.com for accessory parts.

PowerGain Screen Material is a 1.8 gain pearlescent material capable of enhancing the color reproduction with low output projectors or countering the effects of ambient light. Its special surface coating it provides a high uniformity while decreasing hot-spotting to virtually non-existent levels

CineWhite Screen Material is our most popular by far with its universal applications. It has a 160° wide viewing Angle in 1.1 Gain, suitable for today's new high contrast ratio projectors in both home theater and commercial presentations

Optional Elite **ZR800D Universal Learning Remote Control**, allows one-touch regulation over your entertainment system managing up to 8 devices simultaneously. Each unit has a simplified programming option with learning function to accompany 800 pre-programmed TV/DVD/VCR codes.
