

The **Lumex FoldAway Walker** offers convenience and ease of use with this new concept. Designed with bungee-corded legs, the walker is easy to assemble and can fold to half its size for convenient storage and transportation.

*Available in Attractive Retail Packaging!*

- **Bungee-corded legs** - Legs fold easily and attach to walker frame clip for easy storage.
- **Dual lever release mechanism** - Requires little dexterity and allows user to fold walker sides independently.
- **Onyx Finish** - Provides a more upscale look and visual appeal.
- **Lightweight** - Aluminum frame allows for ease of lifting.
- **Height Adjustable** - Simple push button to adjust height in 1" increments.
- **Compact** - Folds down for easy storage and transport.
- **Weight Capacity** - 300 lbs.
- **Limited Lifetime Warranty**

*Walker is half its size when folded!*
