Hardwood

Section I. Product Identification

Product Name: Armstrong® Flooring Products

Description: Solid and engineered hardwood

Section II. Environmental Policy

Armstrong Flooring is committed to systematically reducing our environmental footprint while providing innovative products and services that enable our customers to create sustainable indoor environments.

Section III. LEED® Summary

This credit summary is for Armstrong Commercial Hardwood. Listed below are the credits in LEED that are applicable to hardwood products.

Material and Resources

MR Credit 5.1, 5.2: Regional Materials

Armstrong solid and engineered hardwood products are manufactured in a variety of locations, predominantly in the eastern United States. Solid wood plant locations include: Beverly, West Virginia; Jackson, Tennessee; Oneida, Tennessee; Titusville, Pennsylvania; Warren, Arkansas; and West Plains, Missouri. Engineered wood plants include: Center, Texas; Somerset, Kentucky; Statesville, North Carolina; and Vicksburg, Mississippi.

MR Credit 6: Rapidly Renewable Materials

Armstrong Bamboo Locking Hardwood contains 30% rapidly renewable content.

MR Credit 7: Certified Wood

Forest Stewardship Council (FSC) certified wood is available upon request for select species in the following hardwood collections: Beckford™, Century Farm™, Heritage Classics™ and Metro Classics™.
