

Tough Pots and Pans Are No Match for Artisan Chef Pro™ Designer Sinks!

Artisan uses heavy duty 16 gauge, 304 stainless steel in all of its Chef Pro Apron and Undermount Sinks—available in double or single bowls, depths up to 10" and widths to meet most requirements.

 **Focus on Quality** Manufactured from heavy 16 gauge, premium 304 stainless steel, Artisan Stainless Steel Sinks are resistant to stains and corrosion.

 **Focus on Glamour** The stylish looks complement the latest trends in kitchen design. The craftsmanship of our high luster satin finish is superb, giving long-lasting beauty that shines in any kitchen.

 **Focus on Function** Artisan Undermount Sinks have the quality and convenience of a professional sink. The extra deep bowls in Artisan Sinks accommodate large pots and pans... no more spillovers. The proprietary V-Therm Shield™ provides superior sound deadening, reducing noise and vibration, and... offers remarkable thermal retention.

 No detail is left unattended. Artisan Stainless Steel Sinks can hold up to heavy use... look great in your kitchen... and are easy to maintain.

Artisan Stainless Steel Sinks add a professional look to any beautiful kitchen or pantry design.

New AR3120-D10

New AF440-AB

New FDL3220-D9/7

Premium Stainless Steel Sinks

Thirteen heavy duty 16 gauge 304 stainless steel single and double bowl models. Plus six 18 gauge models. Optional grids available.

Kitchen and Bath Faucets
