

650 Anthony Trail, Suite D., Northbrook, IL 60062

6 year warranty on Hailer base unit, one year on mics and transmitters

## Outdoor Portable Sound Systems

The Hailer family is great for use in high noise areas and large open spaces. Use it to direct emergency crews and alert crowds. It covers a football field! And unlike megaphones which cover your face, the Half-Mile Hailer lets you see and be seen. Great for crowd control, public safety, law enforcement, athletic events, band practice, field days, outdoor marketing events, auctioneers, political campaigns, missionaries - any outdoor event.

Now Featuring  
 16 Channel UHF  
 Wireless  
 Frequencies

SIREN FEATURE

### Features & Specs

- **Amplifier** Exclusive built-in 50-watt multimedia stereo amplifier.
- **Power Controls** On-off switch with LED power indicator light. Jack for optional, external AC adapter/recharger.
- **Power Source** 110/240V AC Adapter/recharger available (S1460). 10 fresh D-cell Alkaline batteries (not included) provide up to 200 hrs. of operation for up to a full year's use. Sold separately.
- **Auxiliary Input** Auxiliary input with separate volume and tone controls for a Computer Projector, CD or tape player. Capture your audience's attention with a mixed media presentation by adding music.
- **Line Out Jack** You can record your presentation on an external recorder as it is happening.

- **Microphone** Model S2080. Professional low-impedance, cardioid pattern, dynamic microphone, steel case, frequency response 50–15,000 Hz; with 5-ft. coiled cord.
- **Microphone Jacks** 1 each dynamic, condenser with phantom power and wireless. Microphone volume control adjusts all mics together. All 3 mic inputs and auxiliary input can be used at the same time.
- **Dual Wireless Capability** Two presenters can be wireless with purchase of additional wireless mic kit.
- **Speakers** Tapered Horn 11W x 6.5H x 8.25D

- **Speaker Jacks** 2 jacks; 1 per line input channel. Each jack can drive 4- or 8-ohm speakers. Mic inputs are added equally to left and right channels. Output driver is placed into standby mode when its output jack is empty, reducing power drain and prolonging battery life.
