I just wanted to take a moment to thank you for all that you did to get the lectern order processed and the lecterns made. It was exciting for me to get back from NY to see them here. In addition, you went above and beyond by drilling the holes for the gooseneck microphone mounts. I can't thank you enough and I will always recommend and encourage our team to work through AmpliVox in the future.

- Kindest Regards, Melissa Polega Dow
